Re: FOIA-2009-000161

Dear Mr. Benke:

This is a final response to the request for information that you sent to the Department of Energy (DOE) under the Freedom of Information Act (FOIA), 5 U.S.C. 552. You asked for meeting, minutes, correspondence or material related to the Enron Corporation and its related companies from 1985 to 2000 that address the issue of energy and natural gas deregulation in the United States. You also asked for material that addresses Enron's changing business from 1997-2001.

On April 23, 2009, a partial response was sent to your from this office. At that time, you were informed that upon completion of the search by the Office of Energy Efficiency and Renewable Energy (EE), a final response would be provided to you.

The EE has informed me that their office would not have documents on energy and natural gas deregulation and that the request was sent to them in error. For this reason, there are no responsive documents from that office.

I appreciate the opportunity to assist you with this matter. If you have any questions about this correspondence, please contact Ms. Sheila Jeter of my staff on (202) 586-5061.

Sincerely,

Alexander C. Morris
