Re: Freedom of Information Act Request FOIA-2009-000228

Dear Mr. Boehringer:

This is in response to the request for information that you submitted to the Department of Energy under the Freedom of Information Act (FOIA), 5 U.S.C. 552, in which you asked for a copy of a job description for a security personal guard for the Mound facility during the 1960's.

The Office of Legacy Management performed a search of all available records and determined that the enclosed documents are responsive to your request. No job description for the 1960 timeframe was located. The attached job descriptions are from the 1980s. The documents are being produced to you in their entirety as indicated on the accompanying Enclosure List.

- Security Inspector, Communications Center Operator
- Security Inspector, Special Response Team

The FOIA provides for the assessment of fees for the processing of requests of documents. See 5 U.S.C. § 552(a)(4)(A)(i); *see also* 10 C.F.R. § 1004.9(a). In accordance with allowable FOIA processing fees and Alexander Morris' April 7, 2009 letter, there will be no charge for our document production.

You may challenge the adequacy of this search for responsive documents by submitting a written appeal to the Director, Office of Hearings and Appeals, HG-1/L'Enfant Plaza Building, U.S. Department of Energy, 1000 Independence Avenue, SW, Washington, DC 20585-1615. You should submit the appeal within 30 calendar days of receipt of this determination.

The written appeal, including the envelope, must clearly indicate that a Freedom of Information Act appeal is being made. The appeal must contain all the elements required by 10 C.F.R. § 1004.8 to the extent applicable. Judicial review will thereafter be available to you (1) in the District of Columbia, (2) in the district where you reside, (3) in the district where you have your principal place of business, or (4) in the district where the DOE records are located.
