Subject: Public Comments for Docket No. EERE-2006-BT-STD-0129 - EXEC-2009-000293

Dear Mr. Troy Trant:

Thank you for your Freedom of Information Act (FOIA) request for public comments associated with Docket number EERE-2006-BT-STD-0129, "Energy Conservation Standard Rulemaking for Residential Heating Products (RIN: 1904-AA90)."

You can access EE-2006-STD-0129_ResWH_DH_PH.zip file from the CD which will be mailed to your attention at 2600 Gunter Park Drive East, Montgomery AL 36109 today. The file contains public comments the U.S. Department of Energy (DOE) has received relevant to said docket.

Please be advised that this information, because it is part of a public docket, is available without invoking FOIA. FOIA requests for docketed information result in slower responses because of needless interventions and delays across the various support offices within DOE. For expedited access to the docketed material, please contact Brenda Edwards, who will coordinate the submission of the requested information to you. Ms. Edwards can be reached at (202) 586-2945. Additionally, to read background documents or comments received—if you are in the Washington metropolitan area—you may visit the U.S. Department of Energy, Resource Room of the Building Technologies Program, 950 L'Enfant Plaza, SW., Suite 600, Washington, DC 20024, between 9:00 a.m. and 4:00 p.m., Monday through Friday, except Federal holidays. Again, please coordinate these request(s) through Ms. Edwards.

We appreciate and encourage comments from interested parties in the development of our rulemakings. If you have any additional questions, please feel free to contact me at
(202) 586-7892.

Sincerely,

Mohammed Khan
Project Manager
U.S. Department of Energy
