Record Description:

A copy of the meeting minutes and agendas for meetings of INTERFUEL, a group organized in 1991 by Federal employees working to implement provisions of the Clean Air Act Amendments (CAAA) and planning for the Energy Policy Act (EPAct) of 1992. Brad Gustafson is the primary contact: brad.gustafson@ee.doe.gov or 202-586-5865. These agency records reside at the Department of Energy (EERE) and are under the Department's authority and control. I would like the meeting minutes and agendas for all meetings for which minutes and agendas are reasonably available without searching for more than three hours. I am interested in receiving records, optimally, covering the time period from Jan. 2000 to present. Electronic copies are preferred, but if electronic copies are not available, then I will accept paper copies. I would agree to simply examine records on site as an alternative to receiving copies if this is more convenient for your office. I believe that these records would be releasable in their entirety, and are not exempt, but if there are exempt portions, please release all segregable releasable portions and take into consideration the March 2009 guidance from the Attorney General and the January 2009 Memorandum from the President that encourage agencies to presume the release of records.
