ORDER VACATING BLANKET AUTHORIZATION TO IMPORT NATURAL GAS FROM CANADA

DOE/HGEO ORDER NO. 5265-A

NOVEMBER 24, 2026

On March 6, 2025, in DOE/FECM Order No. 5265, the Office of Fossil Energy and Carbon Management (FECM) (now known as the Hydrocarbons and Geothermal Energy Office)[1] of the Department of Energy (DOE) granted blanket authorization to Kiwetinohk Marketing US Corp. (Kiwetinohk Marketing), to import up to 89.4 billion cubic feet (Bcf) of natural gas from Canada by pipeline. This blanket authorization extends for a two-year term that began on January 28, 2025, and extends through March 27, 2027.

On November 5, 2026, Kiwetinohk Marketing notified DOE that this authorization is no longer needed.[2] Kiwetinohk Marketing therefore requests that DOE vacate Order No. 5265, effective November 1, 2026. DOE finds good cause to do so.

Accordingly, pursuant to section 3 of the Natural Gas Act, Kiwetinohk Marketing's blanket authorization to import up to 89.4 Bcf of natural gas from Canada, granted in DOE/FECM Order No. 5265 on March 6, 2025, is hereby vacated, effective November 1, 2026.

Issued in Washington, D.C., on November 24, 2026.
