The document was a memorandum from Assistant Secretary James Rispoli to my former supervisor Under Secretary C. H. "Bud" Albright, Jr., titled "Action: Adoption of plans related to Hanford's B Reactor pertaining to increasing public access in the near-term, and making future preservation decisions" and was dated August 4th, 2008. I would like to receive a copy of this document in PDF format if permissible, and agree to pay all costs associated with its retrieval and transmittal. If you have any questions or if I may be helpful in any way, I may be reached at With kindest regards, I am

Sincerely,
