Subject: DOE Headquarters FOIA Request

Name: david haberman

Organization: Mountain States H2 Business Counci

Address:

POB 480365
Delray Beach, FL 33448

Phone:

FAX:

Email:

Record Description:

CRADA and license agreement between the National Renewable Energy Laboratory (NREL) and CHEVRON regarding algae, biofuels and genetic modification of algae

Preferred Form or Format: electronic

Type of Requester (if provided):

Affiliated with an educational or noncommercial scientific institution, and this request is made for scholarly or scientific purpose and not for commercial use.

Fees and Fee Waivers:

I agree to pay all applicable fees.

Expedited Processing:

I believe a compelling need exists to warrant expedited processing because there is:

an urgency to inform the public concerning actual or alleged Federal Government activity exists (this option available ONLY for requesters primarily engaged in disseminating information)

Specific Justification for Expedited Processing:

NREL delivered a report to congress on algae and this report does not address the risks from genetic modification of algae. Its report does not coorespond to the scientific realities of GMO reisks and it does not adaquately disclose its commercial interest in working with Chevron which taints its recommendations
