Re: **UPA/DOE February 12, 2015 Meeting Summary**

Dear Mr. Henderson:

On Thursday, February 12, 2015, representatives from the Uranium Producers of America (UPA) met with the Department of Energy (DOE) officials to discuss the management of the federal excess uranium inventory.

### **UPA Attendees:**

- George Assie, Cameco
- Paul Goranson, Uranerz
- Wayne Heili, Ur-Energy
- Jon Indall, Counsel to UPA
- Ben Klein, Heather Podesta + Partners (representing UPA)
- Scott Melbye, Uranium Energy Corporation
- Andrew Shaw, McKenna, Long & Aldridge (representing Cameco)
- Gary Steele, Energy Fuels

### **Summary of Discussion:**

UPA members shared information about the state of the domestic uranium industry and discussed UPA's response to the DOE request for information regarding the management of the federal excess uranium inventory. UPA reiterated its key policy recommendations, including putting a cap on annual transfers, working with the industry to feed the material into existing long-term contracts, and ensuring barter contracts do not commence or extend beyond the period covered by a Secretarial Determination. UPA also urged DOE

to take steps to ensure the process is more transparent, including taking public comment on a draft Secretarial Determination before it is finalized.

Yours very truly,

A handwritten signature in black ink, appearing to read "Jon J. Indall". The signature is fluid and cursive, with a large initial "J" and "I".

Jon J. Indall
