DEPARTMENT OF ENERGY
OFFICE OF ELECTRICITY DELIVERY AND ENERGY RELIABILITY

Northern Pass Transmission LLC

OE Docket No. PP-371

Application for Presidential Permit

MOTION TO INTERVENE

Pursuant to Rule 214 of the Rules of Practice and Procedure of the Federal Energy Regulatory Commission (18CFR 385.214) we (Stephen Buzzell and Lelah Sullivan) do hereby file this motion to intervene. In support of this motion, we state as follows:

1. Notices, correspondence and other communications

All notices, correspondence, communications and other information concerning this proceeding should be directed to: Stephen Buzzell and Lelah Sullivan, 36 Buzzell Lane, Eliot, ME 03903. Telephone: 207-641-7036, email: 1s2buzzell3@comcast.net.

2. Movant's interest

We own a vacation home [43 Gingerbread Rd. ,Easton, NH] that is directly on the right away of the proposed Northern Pass transmission line (the ROW is contained within our deed). The proposed 90' and 92.5' towers will be yards from our house and will irreparably harm our property's value and our quality of life in that home. We rely on vacation renters to help us cover the costs of the home – who is going to want to rent a “get away” that is in the shadow of two massive steel towers? This will jeopardize our ability to keep the home, and if forced to sell, there would be a substantial depreciation in value due to proximity of these transmission towers. Therefore, we believe we have a vested interest in the outcome of this proceeding, our interests cannot be adequately represented by other parties, and we are entitled to intervene in this proceeding.

3. Motion to intervene

We hereby move to intervene in the above-captioned proceeding. We respectfully request the Department of Energy, Office of Electricity Delivery and Energy Reliability (“DOE”), to grant our motion.

Respectfully submitted,

Stephen Buzzell
Lelah Sullivan
