Partnerships of academia, industry, and government labs

- Interdisciplinary nature of research

- Rapid transition from research to products
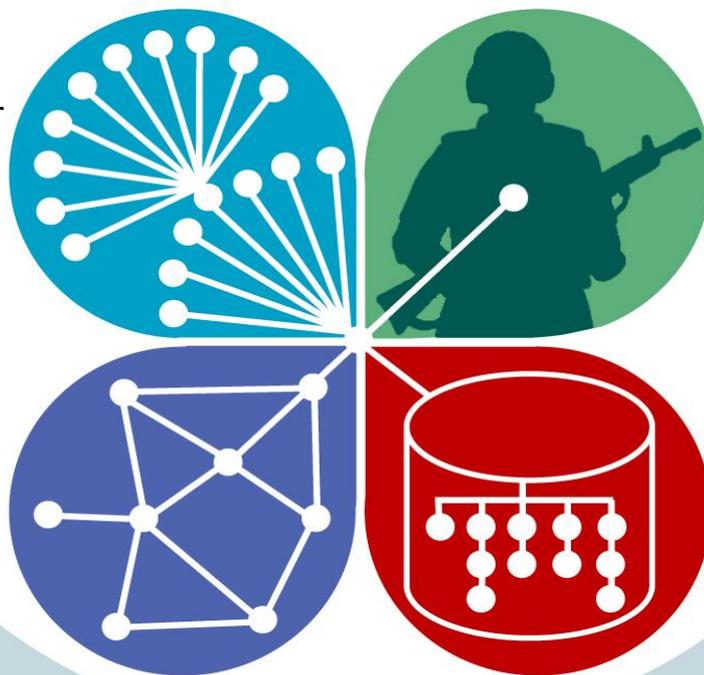

One size does not fit all

TECHNOLOGY DRIVEN. **WARFIGHTER FOCUSED.**

Social/Cognitive Network ARC

- Principal Member – Rensselaer Polytechnic Institute
- General Members – CUNY, Northeastern Univ, IBM
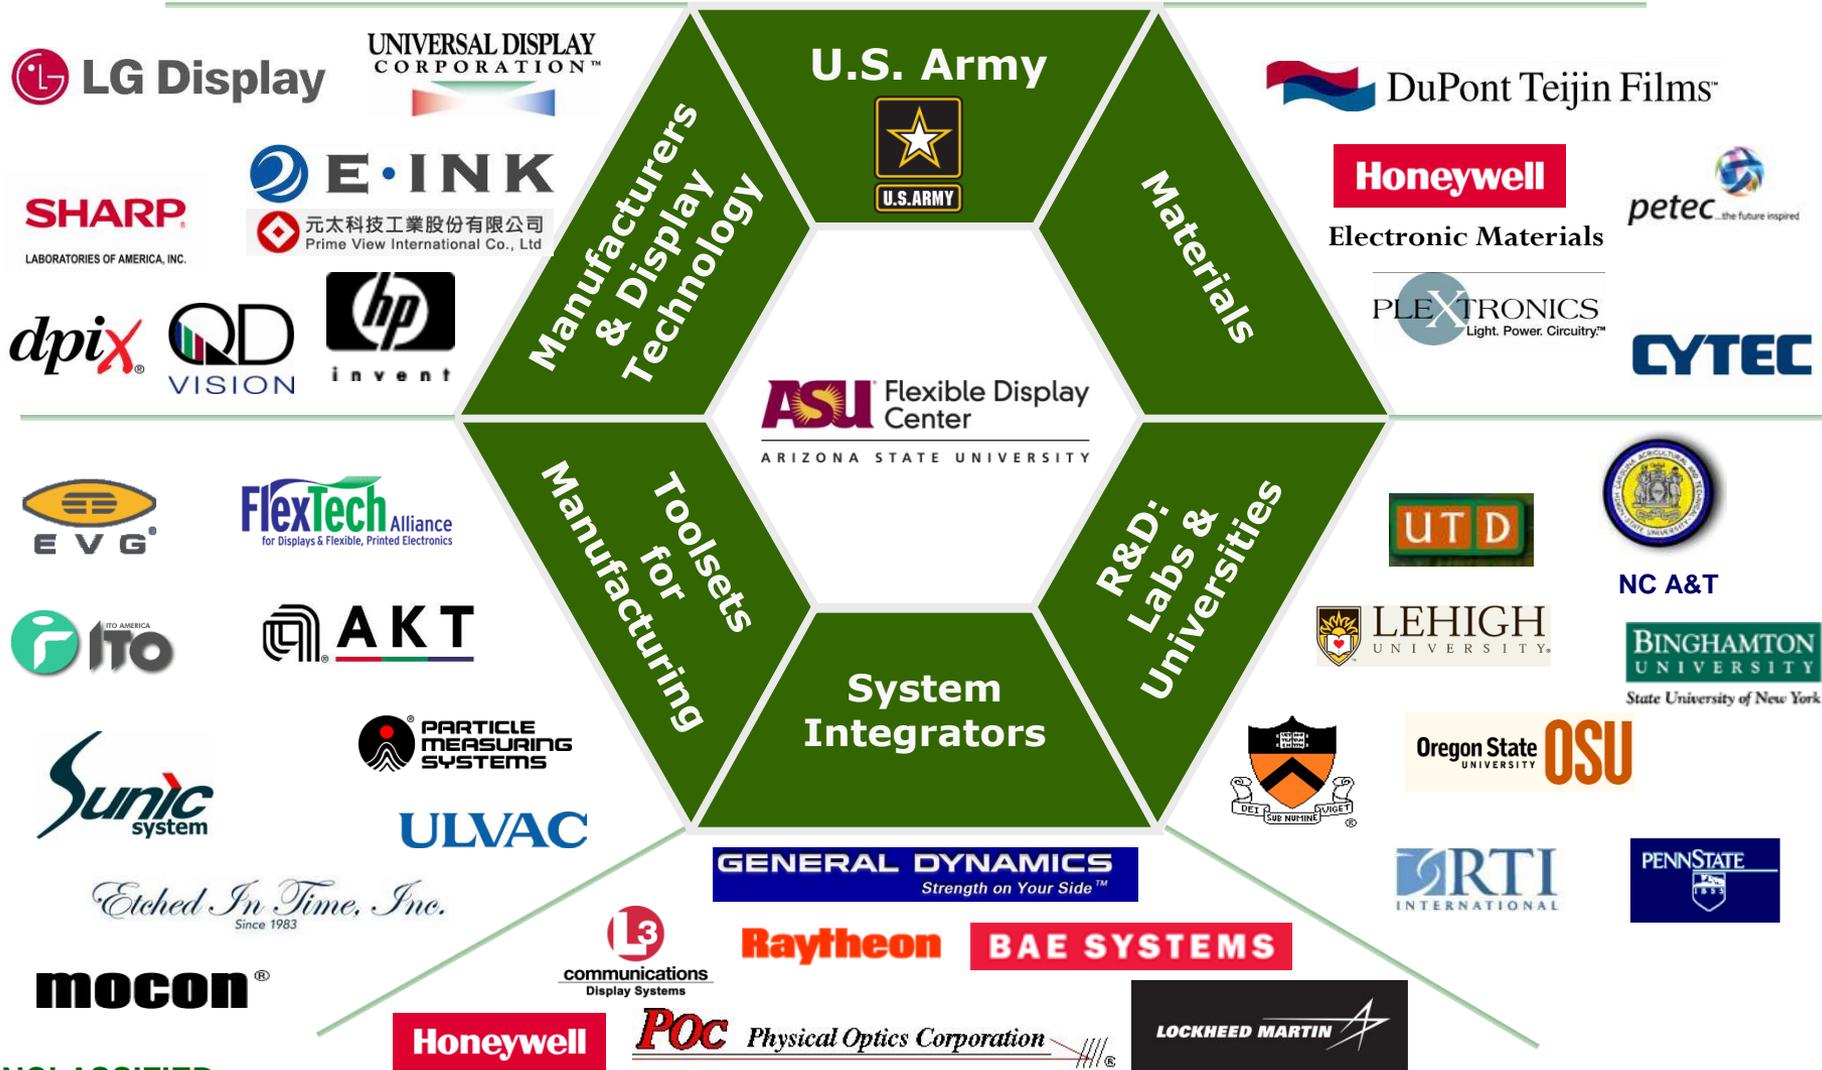

Interdisciplinary Research Center

- Principal Member – BBN Tech
- General Members – UC-Riverside, Univ of Delaware, ArtisTech

Communication Networks ARC

- Principal Member – Penn State
- General Members – CUNY, USC, UC-Davis, UC-Santa Cruz

Information Networks ARC

- Principal Member – Univ of Illinois, Urbana Champaign
- General Members – CUNY, UC-Santa Barbara, IBM
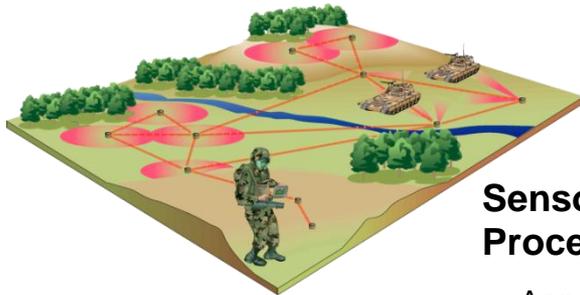

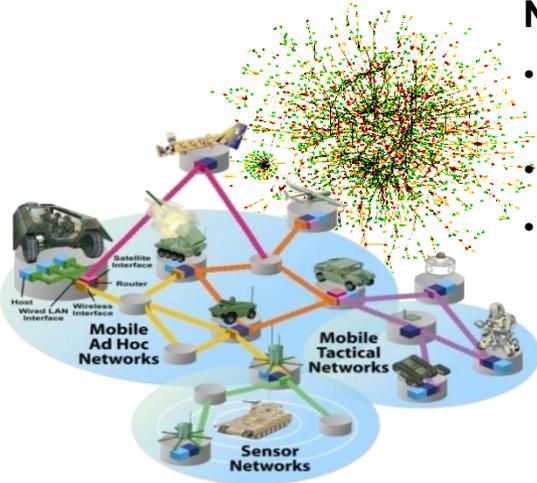

Trust
Evolution of Networks

Flexible Display Center:
Academic Center of Excellence Model

**International Technology Alliance
in Network and Information Science:
a US-UK Collaborative Venture Model**

Network Theory

- Academic Lead – Univ of Mass

- Industry Lead – IBM US

- Members – Cambridge, Imperial College, BBN

Security Across a System-of-Systems

- Academic Lead – York Univ

- Industry Lead – IBM US

- Members – Univ of Maryland, Royal Holloway, Imperial College

Sensor Information Processing and Delivery

- Academic Lead – Penn State

- Industry Lead – IBM UK

- Members – Univ Aberdeen, UCLA, RPI

Distributed Coalition Planning and Decision Making

- Academic Lead – Southampton

- Industry Lead – CMU

- Members – Boeing, Univ Aberdeen
