

A. Background and Purpose

The Program Progress Review (PPR) provides a program status for management review, in a standard format.

PPR presentations are prepared based on scheduled PPRs.

The purpose of the Program Progress Review (PPR) is to present periodic status of each program for management review. To ensure that the information presented is complete, a standard presentation slide format has been developed.

The PPR presentation slides and handouts will be prepared for scheduled PPRs at times set by management. The PPR presentations outline the mission, tasks, schedule, resources (both personnel and fiscal), deliverables, and other agency interface issues for each program.

B. Program Progress Review Development

The Program Manager is responsible for preparing and delivering the PPR presentation.

The Program Manager is assigned responsibility for preparing the PPR by the cognizant Office of the Deputy Assistant Secretary for Technology Development (e.g. the Deputy Assistant Secretary for Energy Efficiency or the Deputy Assistant Secretary for Renewable Energy). The Program Manager delivers the PPR presentation on dates set by management. Approved PPR presentation materials will be collated into a booklet that will be made available on the date of the PPR. The Program Manager should provide approximately 15 copies.

C. Instructions for the Preparation of Program Progress Reviews

PPR preparation is assigned to the Program Manager.

The Program Manager delivers PPR presentations.

The PPR consists of a series of slides to present program status to all levels of management. The following instructions for preparing PPRs are provided to ensure consistency. These instructions are meant to establish the minimum content required and a recommended style and format for the first round of PPR presentations. A sample PPR is provided on page C-2. Program managers have the flexibility to change the format and graphics to suit their needs. As reviews are held, it is likely that the requirements will be updated.

Program

On the first slide state the presentation title, “Program Progress Review.” Below the revision number state the name of the Program Manager followed by a short description of the program mission. Place the presentation date and the page number on the lower right hand corner of the slide.

For the remaining slides in the presentation, the header will contain the program title. The footers will contain the presentation date and the page number in the lower right hand corner.

Key Fiscal Year Tasks

Supporting Strategic Objectives Slide

Detail each key task, the strategic objective that it supports the description of the task, the person responsible, the deliverable / accomplishment schedule, the financial expenditures, technical accomplishments, and technical issues. Present each key task on a separate slide and format in the same order as described above. Continuation sheets using the same headers and footers can be used as needed to present the remaining tasks or to present more detail.

Fiscal Resources Slide

Outline the FY budget broken down by each strategic objective and identify capital expenditures and whether carryover funds from prior FYs exist. The slide is generated by creating a table or pie chart with each strategic objective and dollars (in thousands) identified, which are budgeted for that strategic objective. Total the last column to represent the entire program budget. Identify carryovers from previous FYs and capital equipment expenditures on the bottom of the slide.

Program Expenditure Summary Report Slide

Provide a graph that details program expenditures relative to planned, actual authorized, and actual obligated funds. This graph should be generated using the data from the Spend Plan. Be sure to list the amount of funds planned, actual authorized, and actual for each month throughout the FY. Plot on the graph the planned, actual authorized, and actual funds on the vertical axis with date (by month) on the horizontal axis.
