

JUL - 6 2015

Electricity Delivery and
Energy Reliability

Thelma Augustine

July 7, 2015

I am writing to oppose
the poles & lines they want
to put across Okla, Ar. & Tenn.
we do not need them and
they will do harm.

I am a widow and they
want to cross my 70 acres.
I have 3 large ponds and
a well, I use to drink from.
I do not need them destroyed.

I have cattle on the 70 acres.
Please don't let them put
lines across these states. People
don't want them, listen to the
people.

Sincerely,
Thelma Augustine
