

Program of Field Office: Sandia Site Office

Project Title: Install Amonix Panels at NSTTF

Location: Sandia National Laboratories - New Mexico

Proposed Action or Project Description:

American Recovery and Reinvestment Act:

10

1 D

. . . . . . .

Sandia National Laboratories/New Mexico (SNL/NM) proposes to install Amonix solar systems at the National Solar Thermal Test Facility (NSTTF). The proposed activities would involve the installation of 7 to 9 solar arrays at the NSTTF. Each 72-feet (ft) by 49-ft array would be mounted onto a large steel pipe, anchored into a concrete pedestal; approximately 6-ft in diameter. Each pipe would extend 18-ft into the ground and 20-ft in height from ground level. Each array would be spaced 110-ft North to South and 140-ft East to West on center.

## Facility Operations

racinty Operations	Site Characterization, Monitoring and General Research
Pacific operators         □ B1.1 - Rate increases < inflation (not power marketing)	<ul> <li>Site Characterization, Monitoring and General Research</li> <li>B3.1 - Site characterization/environmental monitoring</li> <li>B3.2 - Aviation activities for survey/monitoring/security</li> <li>B3.3 - Research related to conservation of fish and wildlife</li> <li>B3.4 - Transport packaging tests for radioactive/hazardous material</li> <li>B3.5 - Tank car tests</li> <li>B3.6 - Siting/construction/operation/decomm of facilities for R&amp;D, conventional laboratory operations and pilot projects</li> <li>B3.7 - New infill exploratory, experimental oil/gas/geothermal construction/operation</li> <li>B3.8 - Outdoor ecological/environmental research in small area</li> <li>B3.9 - Certain CCT demonstration activities, emissions unchanged</li> <li>B3.10 - Siting/construction/operation/decommissioning of particle accelerators</li> <li>B3.11 - Outdoor tests, experiments on materials and equipment components, no source, special nuclear, or by-product materials</li> </ul>
B1.13 - On-site pathway or short access road construction/acquisition	B3.12 - Siting/construction/operation/decommission of microbiological or
B1.14 - Refueling of a nuclear reactor	biomedical facilities
B1.15 - Support building or structure, non-waste storage, const/oper	B3.13 - Magnetic fusion experiments, no tritium fuel use
□ B1.16 - Removal of asbestos in accordance with regulations	Conservation, Fossil, and Renewable Energy Activities
<ul> <li>B1.17 - Removal of PCB items from aboveground structures</li> <li>B1.18 - Water supply well const/oper, from existing field, no degradation</li> <li>B1.19 - Siting/construction/operation of microwave/radio communication towers</li> <li>B1.20 - Protect/restore/improve fish and wildlife habitat</li> <li>B1.21 - Noise abatement</li> <li>B1.22 - Building relocation to developed area/demolition/disposal</li> <li>B1.23 - Demolition/disposal of buildings, equipment, and structures</li> <li>B1.24 - Transfer, disposition, or acquisition of uncontaminated structures or equipment, environmental quality maintained</li> <li>B1.25 - Transfer, disposition, or acquisition of uncontaminated land for habitat preservation/wildlife management</li> <li>B1.26 - Siting/construction/operation/decommissioning of small water treatment facilities</li> <li>B1.27 - Disconnection of utilities</li> <li>B1.28 - Placement of unused facilities in environmentally safe condition</li> <li>B1.29 - Small on-site const/demolition waste disposal facility const/oper/decom</li> <li>B1.30 - Transfer/transportation actions, quantities incidental to amounts at receiving site</li> <li>B1.31 - Relocation/operation of machinery or equipment, similar use</li> <li>B1.32 - Traffic flow adjustments, existing roads.</li> </ul>	<b>X</b> B5.1 - Actions to conserve energy, no indoor air quality degradation
Safety and Health	nuclear fuel; no unpacking)
<ul> <li>B2.1 - Modifications to enhance workplace habitability</li> <li>B2.2 - Installation/improvement of building/equipment instrumentation</li> <li>B2.3 - Installation of equipment for personnel safety and health</li> <li>B2.4 - Equipment Qualifications Program</li> <li>B2.5 - Facility safety and environmental improvements, replacement or of facility components</li> <li>B2.6 - Packaging/transportation/storage of radioactive sources from public domain upon request</li> </ul>	<ul> <li>B6.6 - Modification of facility for storing, packaging, or repacking waste (not high-level or spent nuclear fuel)</li> <li>B6.7 - Granting/denying petitions for allocation of commercial disposal capacity</li> <li>B6.8 - Minor operational changes to minimize waste or reuse materials</li> <li>B6.9 - Small-scale, temporary measures to reduce contaminated GW migration</li> <li>B6.10 - Siting/construction/operation/decommissioning of small upgraded or replacement waste storage facilities</li> <li>Other</li> </ul>

This action would not (1) violate applicable ES&H requirements, (2) require siting of waste Treatment, Storage, Disposal or Recovery facilities, (3) disturb hazardous substances (excluding naturally occurring petroleum and natural gas), thus producing uncontrolled or unpermitted releases, and (4) adversely affect environmentally sensitive resources. Furthermore, this action (1) would not present any extraordinary circumstances such that the action might have a significant impact upon the human environment, (2) is not connected to other actions with potentially significant impacts, and (3) is not related to other actions with cumulatively significant impacts. Therefore, the proposed action may be categorically excluded from further review.

NEPA Compliance Officer or Program Officer: LACY, SUSAN DOYLENE
