**U.S. DEPARTMENT OF ENERGY
EERE PROJECT MANAGEMENT CENTER
NEPA DETERMINATION**

RECIPIENT: City of Glendale

STATE: AZ

PROJECT TITLE : EECBG - City of Glendale, AZ

Funding Opportunity Announcement Number	Procurement Instrument Number	NEPA Control Number	CID Number
DE-FOA-0000013	DE-EE0000837	GFO-0000837-001	0

Based on my review of the information concerning the proposed action, as NEPA Compliance Officer (authorized under DOE Order 451.1A), I have made the following determination:

CX, EA, EIS APPENDIX AND NUMBER:

Description:

- B5.1** Actions to conserve energy, demonstrate potential energy conservation, and promote energy-efficiency that do not increase the indoor concentrations of potentially harmful substances. These actions may involve financial and technical assistance to individuals (such as builders, owners, consultants, designers), organizations (such as utilities), and state and local governments. Covered actions include, but are not limited to: programmed lowering of thermostat settings, placement of timers on hot water heaters, installation of solar hot water systems, installation of efficient lighting, improvements in generator efficiency and appliance efficiency ratings, development of energy-efficient manufacturing or industrial practices, and small-scale conservation and renewable energy research and development and pilot projects. The actions could involve building renovations or new structures in commercial, residential, agricultural, or industrial sectors. These actions do not include rulemakings, standard-settings, or proposed DOE legislation.
- A9** Information gathering (including, but not limited to, literature surveys, inventories, audits), data analysis (including computer modeling), document preparation (such as conceptual design or feasibility studies, analytical energy supply and demand studies), and dissemination (including, but not limited to, document mailings, publication, and distribution; and classroom training and informational programs), but not including site characterization or environmental monitoring.
- A11** Technical advice and planning assistance to international, national, state, and local organizations.

Rational for determination:

The City of Glendale, AZ would use leftover DOE funds from previously CX'd projects to fund the following activities which are bounded by the signed SOW and are therefore categorically excluded under NEPA:

Activity 10: Equipment Management Facility Lighting Retrofit
 Activity 11: Glendale Municipal Office Complex Parking Garage Lighting Retrofit
 Activity 12: Downtown Parking Garage Lighting Retrofit
 Activity 13: Material Recovery Facility Lighting Retrofit

The following activities have already been categorically excluded from further NEPA review by DOE at the time of award and are not being included in this action:

Activity 1: Arrowhead Ranch Water Reclamation Facility UV System Improvement
 Activity 2: Well 43 Variable Frequency Drive Retrofit
 Activity 3: Public Safety/Court Complex and Garage Lighting
 Activity 4: Sports Courts Lighting Retrofits
 Activity 5: Main Library Lighting
 Activity 6: Building Safety Program Enhancements
 Activity 7: Traffic Signal LED Conversion
 Activity 8: Energy Matters Public Education Program
 Activity 9: Program Manager

Any future projects submitted for EECBG funding that fall outside the bounds of the signed SOW will require a separate NEPA determination review.
