<p>The 970 DEAR provisions and clauses were originally written for management and operating contracts. The use of 970 clauses in other types of facility management contracts may be justified. In some instances there is a similar version of the clause in DEAR 952 provided for use in other than management and operating contracts. If so the 952 version should be used. The contracting officer should prepare a justification for the use of 970 clauses in a contract that is not a management and operating contract.</p>
