Subject: Follow up to meeting with Mr. Rogers and Ron Bloom

Mr. Oare,

I am writing to introduce myself and follow up on the meeting that NAM president and CEO, John Engler had with Mr. Rogers and Mr. Bloom on October 5. The discussion was a good one and one of the primary takeaways was how we can better connect manufacturers to the projects to which DOE and other federal agencies currently have funding or assistance dedicated.

First, I would like to ask to be put on your mailing list so that I may then pass along solicitations or other items to interested members.

Second, one of our member companies would like to meet with you and perhaps some representatives of ARPA-E. Due to the various restrictions, I would not be in attendance but was hoping to just make the connection. The contact is Tim Avampato of PPG Industries. Please advise if I should put him directly in touch with you or if I should pass along another POC. The primary point of discussion would be about stimulus opportunities and other issues.

Thank you in advance and I look forward to hearing from you.

Sincerely,
Alexis
