Scope Summary	Require compliance by the DOE with a Site Treatment Plan for the treatment of mixed waste at Lawrence Livermore National Laboratory
Parties	DOE; State of California Environmental Protection Agency (Department of Toxic Substances Control)
Date	2/24/1997

SCOPE

- Require compliance by the DOE with a Site Treatment Plan for the treatment of mixed waste at Lawrence Livermore National Laboratory.
- Address LDR requirements pertaining to storage and treatment of covered waste at LLNL.

ESTABLISHING MILESTONES

- The Compliance Plan Volume of the STP provides overall schedules for achieving compliance with LDR storage and treatment requirements for mixed waste based on milestones.
- The CPV includes a schedule for the submittal of applications for permits, construction of treatment facilities, technology development, off-site transportation for treatment, and treatment of mixed waste in compliance with HWCA and 22 CCR.

FUNDING

- Unless DOE/OAK and DTSC agree that no modification and/or amendment to this Order and/or to the STP is warranted, DOE/OAK and DTSC shall begin a good faith dialogue in January 1999 to determine the extent to which the milestone and funding structure of the STP should be modified and/or amended. Modifications shall be completed no later than September 30, 1999.

PENALTIES

- In the event DOE fails to comply with the terms of this Order, DTSC shall enforce this Order by filing a civil action in either state or federal court.
- If DOE fails to comply with the provisions of this Order, DTSC may assess a civil penalty as provided for pursuant to the HWCA.
