**Evaluation of Site Wide EIS:				

Annual NEPA Planning Summary Status of Ongoing NEPA Compliance Activities: Environmental Impact Statements

National Nuclear Security Administration Nevada Site Office (NNSA/NSO)

January 31, 2010

*Title, Location	Estimated Cost	Estimated Schedule (**NEPA Milestones)		Description
Site-Wide Environmental Impact Statement (SWEIS) for the Nevada Test Site (NTS) and Offsite Locations	\$8,000,000	Determination Date:	4/1/2009	The 2008 Supplement Analysis for the NTS was not finalized because GC-20, NNSA/HQ, and NNSA/NSO subsequently made the determination to proceed with a new SWEIS. The rationale is that the data/analysis in a 12 year old EIS may be considered "out-dated" with respect to programmatic and project activities, as well as an evolving environmental baseline.
