

ANNOUNCEMENT

Department of Energy sCO₂ Power Cycle Summit

The DOE Offices of Fossil Energy, Nuclear Energy, and Energy Efficiency and Renewable Energy hosting the 2017 DOE sCO₂ Power Cycle Summit! Sessions will include presentations on:

- 1) The DOE sCO₂ Initiative: Targets, Status, and Future Priorities
- 2) Integration of sCO₂ cycles with DOE Program Goals: Fossil, Nuclear, and Concentrating Solar Power.
- 3) Turbomachinery Development and Progress Status.
- 4) Heat Exchanger Development and Progress Status.
- 5) 10 MWe Test Facility Status Update.
- 6) sCO₂ research capabilities at Sandia National Lab: Research, Status, and Future.

November 14th – 16th, 2017
Albuquerque, New Mexico

BY INVITATION ONLY.
For information, contact:
sco2@id.doe.gov

□ Why should you attend?

- Learn about the progress of sCO₂ power cycle technologies and priorities in research, design, and development.
- Stay engaged with the sCO₂ community.
- Discover DOE-supported facilities, resources, and expertise.
- Identify potential opportunities for industry/Lab collaboration.
- Scout out future collaborations and partnerships.

□ Who else will be there?

- sCO₂ community, including manufacturers, vendors, developers, service providers, engineers, scientists.
- National Laboratories sCO₂ R&D Teams.
- US Department of Energy Program representatives.
