ENVIRONMENTAL PLANNING

The Division of Environmental Planning administers Caltrans' responsibilities under federal and state law in response to the enactment of the National Environmental Policy Act ([NEPA](#)) of 1969 and the California Environmental Quality Act ([CEQ](#)) of 1973. In response to the passage of a host of environmentally related laws and regulations, plus heightened public support for the environment, our environmental responsibilities have grown to become a substantive and inseparable part of Caltrans' planning development, construction, operation and maintenance efforts.
