

Los Alamos

NATIONAL LABORATORY

Access Instructions

We look forward to seeing you!

Register to visit Los Alamos National Laboratory through the Visitor Registration and Access Portal (VRAP) at <https://vrap.lanl.gov/>.

Other locations' ONA registration pages can be found on the [OneNNSAccess webpage](#).

Quick steps to register

- Insert badge in the PIV reader on your computer.
- Navigate to <https://vrap.lanl.gov/>.
- You will be redirected to the OneID authentication page; select the “**DOE PIV Card.**” option.
- Select your current **PIV certificate**.
- Select **Allow** on the Request for Approval page.
- Click **Verify** for Register Visitor Access.
- Review the Visitor Briefing and click **I Understand**.
- If successful, your LANL badge number and expiration date will be displayed.

Access to a specific building

Depending on the security level, different buildings have different readers, so make sure to familiarize yourself with the readers here:

Bridgepoint/IDFactors PIV Readers will work after enrollment through VRAP:

- Insert your badge at the bottom or
- Hold your badge against number pad.

Argus and legacy Apollo readers are magstripe only and **will not work** without first visiting a LANL Badge Office location to gain access. It is advisable to contact your LANL host to confirm the type of reader at the building you are visiting.

Once you have gained access to these readers you will:

- Insert your badge face up and remove it;
- Be prompted to enter your PIN; or
- Be prompted to swipe your badge and enter your PIN.
