

MONTICELLO, UTAH, SITE **CERCLA FIVE-YEAR REVIEW SURVEY**

THIS DOCUMENT MUST BE SAVED TO YOUR COMPUTER BEFORE COMPLETING

Section 121 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended by the Superfund Amendments and Reauthorization Act of 1986, requires that remedial actions that result in any hazardous substances, pollutants, or contaminants remaining at the site be subject to a review every five years.

The U.S. Department of Energy (DOE) is currently conducting its Seventh Five-Year Review for the Monticello, Utah, Disposal and Processing Sites. The purpose of the Five-Year Review is to ensure that the remedy implemented to clean up the site continues to protect human health and the environment.

Community involvement is an integral part of the ongoing Monticello site legacy management and the Five-Year Review process.

Please complete the survey and return your comments by June 21, 2026, either electronically or by mail. Collected survey results will be included in the Seventh Five-Year Review report.
