Subject: [EXTERNAL] DOE Order No. 202-25-11 December 30 Reports (Paragraphs A and D of Section 202(c) Order)

Pursuant to Order No. 202-25-11 received December 16, 2025 (the Order), TransAlta Centralia Generation LLC (TransAlta) provides the following two reports, made in accordance with paragraphs A and D of the Order, respectively. In respect of the foregoing, and in compliance with the Order, TransAlta confirms as follows:

1. **In accordance with paragraph A of the Order**:
   - Centralia Unit 2 has remained available to operate from December 17, 2025, up to and including December 30, 2025 (the Compliance Period).
   - During the Compliance Period, Centralia Unit 2 did not receive any directions to operate from the Bonneville Power Administration (BPA) in its role as Balancing Authority.
   - During the Compliance Period, Centralia Unit 2 did not receive any directions to operate from the California Independent System Operator (CAISO) Corporation Reliability Coordinator West in its role as the Reliability Coordinator.
   - TransAlta has requested a meeting with the Department of Energy (DOE) to clarify specific aspects of the Order. This request remains outstanding as of the reporting date. TransAlta looks forward to receiving the DOE's response.

2. **In accordance with paragraph D of the Order**, TransAlta has taken or is planning to take the following measures to ensure the operational availability of Centralia Unit 2:

   Staffing Resources:
   - Staffing plans have been updated to accommodate continued operations under the Order (new resourcing plan).
   - Communication session held with impacted workforce regarding new resourcing plan, to be effective January 5, 2026 (b) (4) .
   - Notification provided to non-union employees (b) (4) , to support plant operations under new resourcing plan.
   - (b) (4)

   Centralia Plant Operations
   - Plant is and remains available to operate.
   - Coal inventory on hand is 9-days at full load.

- Limestone (required to operate flue gas desulpherization facility) inventory on hand is 25 days. (b) (4)

Coal Supply and Transport

- Confirmed existing rail transport provider (b) (4)
- Confirmed current coal providers (b) (4)
- Train unloading provider (b) (4)
- (b) (4)

Energy Marketing

- Initiated communication with BPA (as Control Area), Gridforce Energy Management (as Balancing Authority), the CAISO (as Reliability Coordinator), and SPP (as Reliability Coordinator) regarding how plant dispatch and payment will be conducted.
- Discussions with each entity to date confirms further clarity is required from DOE as to who, how, and when the plant may be dispatched.

Please contact us if you have any questions or require further information regarding the above. Thank you.
