ORDER GRANTING BLANKET AUTHORIZATION TO
EXPORT NATURAL GAS TO MEXICO

DOE/FE ORDER NO. 3481

SEPTEMBER 8, 2014

I. DESCRIPTION OF REQUEST

On August 12, 2014, JM & RAL Energy Inc. (JM & RAL) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE) under section 3 of the Natural Gas Act (NGA)¹ for blanket authorization to export up to 5 billion cubic feet (Bcf) of natural gas to Mexico. The applicant requests the authorization be granted for a two-year term beginning on November 1, 2014.² JM & RAL is a Texas corporation with its principal place of business in Houston, Texas.

II. FINDING

The application has been evaluated to determine if the proposed import and/or export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest, and applications for such imports or exports must be granted without modification or delay. The authorization sought by JM & RAL to export natural gas to Mexico, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

¹ The authority to regulate the imports and exports of natural gas, including liquefied natural gas, under section 3 of the NGA (15 U.S.C. § 717b) has been delegated to the Assistant Secretary for FE in Redelegation Order No. 00-002.04F issued on July 11, 2013.

² JM & RAL's blanket authorization to export natural gas to Mexico, granted in DOE/FE Order No. 3130 on August 14, 2012, extends through October 31, 2014.

ORDER

Pursuant to section 3 of the NGA, it is ordered that:

A. JM & RAL is authorized to export up to 5 Bcf of natural gas to Mexico, pursuant to transactions that have terms of no longer than two years. This authorization shall be effective for a two-year term beginning on November 1, 2014, and extending through October 31, 2016.

B. This natural gas may be exported at any point on the borders between the United States and Mexico.

C. **Monthly Reports:** With respect to the natural gas exports authorized by this Order, JM & RAL shall file with the Office of Oil and Gas Global Security and Supply, within 30 days following the last day of each calendar month, a report indicating whether exports of natural gas have been made. Monthly reports must be filed whether or not initial deliveries have begun. If no exports have been made, a report of “no activity” for that month must be filed. If exports of natural gas have occurred, the report must give the following details: (1) the country of destination; (2) the point(s) of exit; (3) the volume in thousand cubic feet (Mcf); (4) the average purchase price of gas per million British thermal units (MMBtu) at the international border; (5) the name of the supplier(s); (6) the name of the U.S. transporter(s); and (7) the estimated or actual duration of the supply agreement(s).

(Approved by the Office of Management and Budget under OMB Control No. 1901-0294)

D. The first monthly report required by this Order is due not later than December 30, 2014, and should cover the reporting period from November 1, 2014, through November 30, 2014.

E. All monthly report filings shall be made to U.S. Department of Energy (FE-34), Office of Fossil Energy, Office of Oil and Gas Global Security and Supply, P.O. Box 44375,

Washington, D.C. 20026-4375, Attention: Natural Gas Reports. Alternatively, reports may be e-mailed to ngreports@hq.doe.gov or may be faxed to Natural Gas Reports at (202) 586-6050.

Issued in Washington, D.C., on September 8, 2014.
