DOE/FECM ORDER NO. 5276-A

DECEMBER 19, 2025

On April 14, 2025, in DOE/FECM Order No. 5276, the Office of Fossil Energy and Carbon Management (FECM) of the Department of Energy (DOE) granted blanket authorization to Munim Group of Investments LLC (Munim Group of Investments) to import and export natural gas from and to Canada and Mexico by pipeline, to import and export liquefied natural gas (LNG) from and to Canada and Mexico by truck, and to import LNG from various international sources by vessel up to a combined total volume equivalent to 1,000 billion cubic feet (Bcf) of natural gas. This blanket authorization was granted for a two-year term that began on April 14, 2025, and extended through April 13, 2027.

On December 11, 2025, Munim Group of Investments notified DOE that this authorization is no longer needed.¹ Munim Group of Investments therefore requests that DOE vacate Order No. 5276, effective December 11, 2025. DOE finds good cause to do so.

Accordingly, pursuant to section 3 of the Natural Gas Act, Munim Group of Investments' blanket authorization to import and export natural gas from and to Canada and Mexico by pipeline, to import and export liquefied natural gas (LNG) from and to Canada and Mexico by truck, and to import LNG from various international sources by vessel up to a combined total volume equivalent to 1,000 Bcf, granted in DOE/FECM Order No. 5276 on April 14, 2025, is hereby vacated, effective December 11, 2025.

Issued in Washington, D.C., on December 19, 2025.
