DXT COMMODITIES NORTH AMERICA INC.	)	DOCKET NO. 26-65-NG DOCKET NO. 25-87-NG

ORDER GRANTING BLANKET AUTHORIZATION
TO IMPORT AND EXPORT NATURAL GAS
FROM AND TO CANADA, AND
VACATING PRIOR AUTHORIZATION

DOE/HGEO ORDER NOS. 5463 AND 5316-A

AUGUST 17, 2026

I. DESCRIPTION OF REQUEST

On June 10, 2026, DXT Commodities North America Inc. (DXT Commodities North America) filed an application (App.) with the Hydrocarbons and Geothermal Energy Office (HGEO)[1] of the Department of Energy (DOE) under section 3 of the Natural Gas Act (NGA)[2] for blanket authorization to import and export up to a combined total of 100 billion cubic feet (Bcf) of natural gas from and to Canada by pipeline.[3] The applicant requests the authorization be granted for a two-year term beginning on September 11, 2026.[4] DXT Commodities North America is a Delaware corporation with its principal place of business in Stamford, Connecticut.

Previously, on July 17, 2025, DOE granted DXT Commodities North America authorization in DOE/FECM Order No. 5316 to import and export up to a combined total of 15 Bcf of natural gas from and to Canada, for a two-year term beginning on November 1, 2024, and extending through October 31, 2026.

On June 10, 2026, DXT Commodities North America requested that DOE vacate its existing authorization in DOE/FECM Order No. 5316, effective September 10, 2026, to be concurrent with the issuance of the new authorization it has requested.[5]

II. FINDING

The application has been evaluated to determine if the proposed import and export arrangements meet the public interest requirement of section 3 of the NGA, as amended by

---

[1] On November 20, 2025, the Office of Fossil Energy and Carbon Management (FECM) changed its name to the Hydrocarbons and Geothermal Energy Office (HGEO). DOE uses the acronym in effect at the time of each order or action discussed herein.
[2] Authority to regulate the imports and exports of natural gas, including liquefied natural gas, under section 3 of the NGA has been delegated to the Assistant Secretary for FECM (now the Assistant Secretary for HGEO) in Redelegation Order No. S4-DEL-FE1-2023, issued on April 10, 2023.
[3] DXT Commodities North America's blanket authorization, granted in DOE/FECM Order No. 5316, authorized imports and exports from and to Canada by pipeline up to 15 Bcf of natural gas. On June 10, 2026, DXT Commodities North America asked for an authorized volume increase to 100 Bcf. *See* DXT Commodities North America, Inc., Application for Blanket Authorization to Import and Export Natural Gas From and To Canada, Docket No. 26-65-NG, at 1 (June 10, 2026) [hereinafter App.].

section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest, and applications for such imports and exports must be granted without modification or delay. The authorization sought by DXT Commodities North America to import and export natural gas from and to Canada, a nation with which a free trade agreement requiring national treatment for trade in natural gas is in effect, meets the section 3(c) criteria and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of not greater than two years.

ORDER

Pursuant to section 3 of the NGA, it is ordered that:

A. DXT Commodities North America is authorized to import and export up to a combined total of 100 Bcf of natural gas from and to Canada by pipeline, pursuant to transactions that have terms of not greater than two years. This authorization is effective for a two-year term that begins on September 11, 2026, and extends through September 10, 2028.

B. This natural gas may be imported and exported by pipeline at any point on the border between the United States and Canada.

C. **Monthly Reports:** With respect to the imports and/or exports authorized by this Order, DXT Commodities North America shall file with the Office of Global Energy Security, within 30 days following the last day of each calendar month, a report on Form FE-746R indicating whether imports and/or exports of natural gas have been made. Monthly reports must be filed whether or not initial deliveries have begun. If no imports or exports have been made, a report of "no activity" for that month must be filed. If imports or exports of natural gas have occurred, the report must provide the information specified for each applicable activity and mode of transportation, as set forth in the Guidelines for Filing Monthly Reports. These Guidelines are available at https://www.energy.gov/hgeo/guidelines-filing-monthly-reports.

(Approved by the Office of Management and Budget under OMB Control No. 1901-0294)

D. The first monthly report required by this Order is due not later than October 30, 2026, and should cover the reporting period from September 11, 2026, through September 30, 2026.

E. DXT Commodities North America's blanket authorization to import and export natural gas from and to Canada, granted in DOE/FECM Order No. 5316 on July 17, 2025, is hereby vacated, effective September 10, 2026.

Issued in Washington, D.C., on August 17, 2026.
