

VERSATILE TEST REACTOR ENVIRONMENTAL IMPACT STATEMENT

Making Your Voice Heard: How to Comment

Participate During the Public Comment Period

Ways you can provide comments:

Make oral comments during the [Webcast Public Hearings](#).

Leave a comment by voicemail at (208) 526-6805

Submit comments electronically to VTR.EIS@nuclear.energy.gov

Mail your comments to:

Mr. James Lovejoy
Document Manager
U.S. Department of Energy
Idaho Operations Office
1955 Fremont Avenue, MS 1235
Idaho Falls, ID 83415

Reminder: Comments should be submitted during the comment period ending February 16, 2021. DOE will consider comments received after the close of the comment period to the extent practicable.

Your Input is Important

The National Environmental Policy Act (NEPA) process stresses the importance of public involvement during the development of an EIS. The public is encouraged to comment on the Proposed Action, alternatives, and potential environmental impacts as presented in the Draft EIS. Your participation will help DOE make informed decisions about the Proposed Action.

- Review information about the VTR on the DOE Nuclear Energy website listed below and in the Draft EIS.
- Please provide comments. Your comments will be considered and incorporated into the Final EIS. All comments will be given equal consideration.
- DOE will not proceed until the NEPA process is complete.

Draft EIS Availability

The EIS can be downloaded at: <https://www.energy.gov/nepa/downloads/doeis-0542-draft-environmental-impact-statement>

For more information about the EIS and the VTR project please visit <https://www.energy.gov/ne/nuclear-reactor-technologies/versatile-test-reactor>

Thank you for participating!
