**Subject:** RE: McKittrick Waste Treatment Site

Good morning Gary,  
The additional cell has been built and at this time we have about 5,500,000 cubic yard capacity and we are permitted to accept up to 4,000 tons per day.  
Please let me know if you have any other questions.

Thank you and please do not hesitate to contact me at [REDACTED] if you have any questions or concerns.
