

# *Looking to **ENERGIZE** Your Career?*

## **The Office of Energy Efficiency and Renewable Energy is Hiring!**

Hiring managers will be on-site to conduct interviews for engineer and physical scientist positions based in Washington, DC, and Golden, CO, and contracting officer positions in Golden, CO.

**Thursday, July 11  
9 A.M.–5 P.M.**

**DoubleTree by Hilton Hotel Crystal City**

300 Army Navy Drive, Arlington, VA 22202

EERE promotes affordable and reliable energy to enhance America's economic growth and energy security. Priority focus areas across the energy efficiency, renewable power, and sustainable transportation sectors include:

- **Energy Affordability** – continue to drive down costs of the energy technologies in our portfolio
- **Energy Integration** – facilitate the integration of new sources of generation and consider opportunities from greater flexibility in energy consumption
- **Energy Storage** – support technological advances to provide more flexible generation and more flexible load through a comprehensive approach to energy storage with smart buildings, pumped hydro, hydrogen storage, and batteries

Working at EERE means a competitive salary that offers meaningful, challenging work. Federal benefits include health insurance, Thrift Savings Plan, paid leave, flexible work schedules, and transportation subsidies.
