JUL 30 2018

Mr. John Kieling, Bureau Chief
Hazardous Waste Bureau
New Mexico Environment Department
2905 Rodeo Park Drive East, Building 1
Santa Fe, NM 87505-6313

Dear Mr. Kieling:

Subject: Submittal of the 2017/2018 Annual Long-Term Monitoring Status Report (July 2017 through June 2018) for Los Alamos County Airport Landfill Replacement, Solid Waste Management Units 73-001(a,d), Technical Area 73

Enclosed please find two hard copies and electronic files of the 2017/2018 Annual Long-Term Monitoring Status Report (July 2017 through June 2018) for the Los Alamos County Airport Landfill Replacement, Solid Waste Management Units 73-100(a,d), Technical Area 73 (LTSR).

To follow the annual reporting requirements specified in the NMED approved March 2017 Long-Term Monitoring Plan for the Los Alamos County Airport Landfill Cover Replacement, Solid Waste Management Units 73-001(a,d), Technical Area 73, the recommendation was made to NMED that the first full annual report include the first four quarterly inspection reports versus the first six inspection reports specified in NMED June 2017 comments. Also recommended was a new deliverable date of July 30th, which is based on the annual quarterly monitoring schedule of July through June. The attached 2017/2018 Annual LTSR is the first annual report being submitted on the new deliverable date of July 30th. NMED agreed to the recommendations in a discussion held on February 7, 2018. This annual LTSR reflects these changes.

If you have any questions, please contact Cheryl Rodriguez at (505) 665-5330 or (cheryl.rodriguez@em.doe.gov).

Sincerely,

David S. Rhodes, Director
Office of Quality and Regulatory Compliance
Environmental Management
Los Alamos Field Office
