SECTION B - SUPPLIES OR SERVICES/PRICES

Section B of the IDIQ Basic Contract is revised for purposes of this task order with the information below incorporated into Clauses B.01, B.02, and B.04.

B.01 TYPE OF TASK ORDER AND SERVICES BEING ACQUIRED

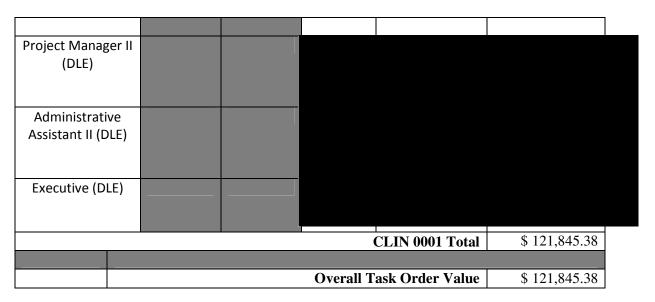

This is Time-and-Materials (T&M) task order in accordance with the terms and conditions set forth in the basic contract. The Contractor has the responsibility for determining the specific methods and approaches for accomplishing the identified work. The Contractor shall furnish all personnel, facilities, equipment, material, supplies, and services (except as may be expressly set forth in this contract as furnished by the Government) and otherwise do all things necessary for, or incident to, the performance of the following items of work which are described in the Section C – Performance Work Statement:

Task 1 – LANL Land Conveyance and Transfers 2016

B.02 PRICE/CEILING OF TASK ORDER

The total not-to-exceed value for Task 1, as well as the not-to-exceed Direct Productive Labor Hours (DPLH), travel dollars, material dollars, and labor dollars, are detailed in the table below. Funding may be obligated to this task order up to the total not-to-exceed value specified.

| Sr. Radiological Control Manager (Tidewater) | | | | | |
| Certified Health Physicist (Tidewater) | | | | | |
| Lead Radiation Control Technician (Tidewater) | | | | | |

B.04 FUNDING

Funding has been obligated to the task specified in Clause B.01. The Contractor may incur costs for each task only up to the amount of funding obligated for each task. Funding obligated for one task will not be available to cover costs incurred by the Contractor under another task.

This task order is fully funded.

General Description/Background

FY16 work plans for federal projects reveal on an as needed basis the support of a health physicist to perform independent verification surveys and sample analyses based on the Multi-Agency Radiation Survey and Site Investigation Manual (MARSSIM) process for verification of compliance regarding the former Sewage Treatment Plant in land tract A-16-D once decontamination and demolition (D&D) is complete, the southern portion of tract A-16-E where it borders Los Alamos Canyon, and the remainder of TA-21 in out years as the D&D of remaining structures is completed.

Land Conveyance and Transfer Requirements

Land transfer activities are planned to occur fiscal year 2016 which will require independent verification of Los Alamos National Laboratory (LANL)'s sampling protocol and analyses. The former Sewage Treatment Plant within land tract A-16-D and the southern portion of A-16-E are on track for MARSSIM final status survey. The remainder of TA-21 will require verification once final D&D of structures is complete. The sampling activities for these tracts must undergo soil surveys/sampling and analysis by Los Alamos National Security (LANS) using the MARSSIM-style process as required by DOE-O-458.1 to obtain technically defensible data for determining the disposition of this property.

Per DOE Order 458.1, Radiation Protection of the Public and the Environment, independent verification surveys and sample analyses are required to be performed for verification of compliance. This task must be performed by DOE personnel or contractors who are not directly involved in the clearance of the properties as stated below:

DOE Order 458.1-k(9) Documentation and Verification, Parts 3 and 4:

- (3) The independent verification activities required for the clearance of all real property must, at a minimum, include review of the radiological characterization report or data, but as appropriate, may include review of the radiological characterization report or data, but as appropriate, may include independent surveys or sample analysis to verify compliance. If the real property is to be transferred to the public, or managed by another agency/entity other than DOE or a new facility constructed, an independent verification plan will be prepared and independent verification surveys and sample analyses will be conducted to verify compliance, unless determined to be unneeded by DOE because, for example, the transferred property will be under a license.
- (4) Independent verification must be performed by DOE personnel not directly involved in the specific clearance action or by a contractor who is independent of the contractor conducting clearance activities. The personnel performing independent verification activities must:
- a) Report directly to DOE,
- b) Have sufficient authority and freedom to report unresolved issues to the Field Element Manager, and
- c) Be qualified or have sufficient knowledge and experience to oversee radiological clearance activities.

Work Description

Land Conveyance and Transfer:

Upon approval, the contractor shall complete an independent verification plan for the former Sewage Treatment Plant in tract A-16-D, the southern portion of A-16-E, as well as the remainder of TA-21 once site structures undergo D&D.

- The plan shall specify that sample points will be randomly selected and samples collected from locations representative of those selected by LANS for their sampling or samples will be split with LANS.
- The verification plan will indicate locations where the samples are collected.
- The contractor will provide an individual to collect the verification samples and perform surveys as needed.
- The identification of the laboratory to perform the verification analyses will be included in the verification plan and analyses methodologies will be provided in the plan and comparable to those selected by LANS.

Perform independent onsite verification sample collection and surveys for the former Sewage Treatment Plant in tract A-16-D, the southern portion of tract A-16-E, as well as the remainder of TA-21 after D&D, to verify and demonstrate either the compliance or non-compliance with LANS sampling activities and results for the specified tracts of land.

- All data should be reported in actual results even if negative and nor reported as less than the detection limit.
- Uncertainty is to be reported as well as the Minimum Detectable Concentration (MDC) for the measurement system as well as the method used to calculate the MDC.
- Sample results are to be reported in the same units as the authorized limits.

Interface Requirements

The contractor shall have to interface with the following organizations for the associated functions:

- LANS for temporary badging or access for meetings, meeting support and interactions, document review and comment resolution, technical exchanges for determination of work plan and evaluations, inputs to system design needs, Facilities Operations Director (FOD).
- New Mexico Environment Department (NMED) for technical discussions on system and alternative merits, product review and comment resolution, and issues documentation and resolution. This interface shall be conducted only with Los Alamos Field Office staff present.

• DOE Los Alamos Field Office organizations—both EM-LA and NA-LA—for other support functions such as but not limited to safety, Facility Representatives, quality assurance, etc.

The contractor is expected to support interactions with the following organizations on an as needed basis:

- DOE, Office of Environmental Management Consolidated Business Center staff for project management support functions such as quality assurance, safety, Contracting Officers (possible) for other tasks, etc.
- DOE, Office of Environmental Management staff in Washington, D.C.
- DOE, National Nuclear Security Administration staff in Washington, D.C.

Deliverables

| Deliverable | Date Due |
|---|----------|
| Independent verification plan for land tract A-16-D | TBD |
| Review LANL Dose Assessment for A-16-D | TBD |
| Review LANL SAP for Sewage Treatment site after D&D | TBD |
| Independent verification of the SAP and Dose Assessment for the southern portion of tract | TBD |
| A-16-E along the north side of Los Alamos Canyon | |
| Final verification for the remainder of TA-21 once D&D is completed | TBD |

Travel

Travel is hereby authorized under this task order in strict accordance to the Federal Travel Regulations governed by 41 Code of Federal Regulations (CFR) Chapters 300-304, which implements statutory requirements and Executive Branch policies for travel by federal civilian employees and others authorized to travel at the Government's expense.

C.03 PERFORMANCE REQUIREMENTS

Performance requirements for this task order are expressed in the following manner:

The following three elements, when taken together, constitute a performance requirement:

<u>Performance Objective</u> – A statement of the outcome or results expected in a specific work area.

<u>Performance Measures</u> – The critical characteristics or aspects of achieving the performance objective that will be monitored by the Government and for which the Government will gather data.

Contract DE-EM0003586 Task Order DE-DT0010963 DLE Technical Services Page 11 of 18

<u>Performance Expectations</u> – The targeted level or range of levels of performance for each performance measure.

The following performance measures and expectations apply to the performance objectives for this task order:

| Performance Measures | Performance Expectations |
|---------------------------|---------------------------------------|
| (a) Accuracy | 98% of time deliverables and tasks |
| | will not require rework or editing |
| | and information is factually correct. |
| (b) Timeliness | 98% of time, schedule, due dates |
| | and task assignments are met. |
| (c) Cost Control | 98% of the time the task |
| | assignment's actual cost is within |
| | +/- ten percent of the task plan's |
| | cost estimate. |
| (d) Customer Satisfaction | 98% of time feedback to EM is |
| | satisfactory or better based on |
| | random surveys. |

Contract DE-EM0003586 Task Order DE-DT0010963 DLE Technical Services Page 12 of 18

SECTION D - PACKAGING AND MARKING

Section D of the ID/IQ basic contract is incorporated by reference.

Contract DE-EM0003586 Task Order DE-DT0010963 DLE Technical Services Page 13 of 18

SECTION E - INSPECTION AND ACCEPTANCE

Section E of the ID/IQ basic contract is incorporated by reference.

SECTION F - DELIVERIES OR PERFORMANCE

Section F of the ID/IQ basic contract is incorporated by reference with the exception of Clauses F.02, F.03, and F.04 which are filled in and provided below.

F.02 PERIOD OF PERFORMANCE

The task order period of performance shall be from 3/15/2016 to 3/14/2017.

The Contractor shall not be paid for work performed or costs incurred prior to the task order start date. The Contractor is not authorized to proceed beyond the task order period of performance, nor will the Contractor be paid for any costs incurred beyond that period unless the task order is modified by the DCO to extend the period of performance.

F.03 PLACE OF PERFORMANCE

The work associated with these efforts will be performed primarily at the contractor's facilities. Some work may be performed at DOE sites including but not limited to the Los Alamos National Laboratory in Los Alamos, NW.

Travel will be required during the task order period of performance. The Contractor shall strictly adhere to Federal Travel Regulation (FTR) governed by 41 Code of Federal Regulations (CFR) Chapters 300-304, which implements statutory requirements and Executive branch policies for travel by federal civilian employees and others authorized to travel at the Government's expense, as well as Federal Acquisition Regulation (FAR) 31.205-46, Travel Costs.

F.04 DELIVERABLES

- 1. Monthly Status Report: The Contractor shall provide monthly status reports. At a minimum, the monthly reports shall contain accurate, up-to-date accounts of all major work accomplishments and outstanding issues. The report will include a list of remaining milestones to be accomplished. Completion of work will be documented in these status reports.
- 2. Other Deliverables lists in Section C of this task order.

Contract DE-EM0003586 Task Order DE-DT0010963 DLE Technical Services Page 15 of 18

SECTION G - CONTRACT ADMINISTRATION DATA

Section G of the ID/IQ basic contract is incorporated by reference with the exception of Clause G.04 which is filled in and provided below.

(c)The name and correspondence address of the Designated Contracting Officer's Representative (DCOR) who will be responsible for providing technical direction to the Contractor in the overall performance of the task orders issued under this basic contract is:

Jeffrey M. Casalina
U.S. Department of Energy
Los Alamos Field Office
Email: Jeffrey Casaling@am.doo.go

Email: Jeffrey.Casalina@em.doe.gov

Phone: 505-664-0073

SECTION H - SPECIAL CONTRACT REQUIREMENTS

Section H of the ID/IQ basic contract is incorporated by reference with the exception of Clauses H.07 and H.15 which are filled in and provided below.

H.07 GOVERNMENT FURNISHED FACILITIES, PROPERTY AND EQUIPMENT

The Government will not provide workspace or equipment unless necessary for the Contractor to perform work at a Government facility. The Government will make all necessary information available to the contractor as required to perform the above listed task.

H.15 TASK ORDER TYPE

This is a Time-and-Materials (T&M) task order.

Contract DE-EM0003586 Task Order DE-DT0010963 DLE Technical Services Page 17 of 18

SECTION I - CONTRACT CLAUSES

Section I of the ID/IQ basic contract is incorporated by reference expect for the Section I clause which is revised as follows:

I.102 FAR 52.222-42, STATEMENT OF EQUIVALENT RATES FOR FEDERAL HIRES (MAY 2014)

In compliance with the Service Contract Labor Standards statute and the regulations of the Secretary of Labor (29 CFR part 4), this clause identifies the classes of service employees expected to be employed under the contract and states the wages and fringe benefits payable to each if they were employed by the contracting agency subject to the provisions of 5 U.S.C. 5341 or 5332.

This Statement is for Information Only: It is not a Wage Determination

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$4.27 per hour or \$170.80 per week or \$740.13 per month

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 5 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year, New Year's Day, Martin Luther King Jr's Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b), this wage determination does not apply to any employee who individually qualifies as a bona fide executive, administrative, or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour would likely qualify as exempt computer professionals, (29 C.F.R. 541. 400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition, because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For

example, if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate, then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally, because job titles vary widely and change quickly in the computer industry, job titles are not determinative of the application of the computer professional exemption. Therefore, the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

- (1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;
- (2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;
- (3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or
- (4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).
- 2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordinance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordance, explosives, and incendiary material differential pay.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition, April 2006, unless otherwise indicated. Copies of the Directory are available on the Internet. A links to the Directory may be found on the WHD home page at http://www.dol.gov/esa/whd/ or through the Wage Determinations On-Line (WDOL) Web site at http://wdol.gov/.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)}

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C) (vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).

- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.
