Date: August 28, 2016
RE: Ex Parte Communication

On August 2, 2016, representatives of AMCA met with the DOE to discuss the following:

Test procedure

- Effective date
- FEP and FEI: Confirming that these will be defined in the test procedure
- Metric & Labeling: Displacing Fan Efficiency Grade and Mechanical Efficiency
- Codes and standards impact (ASHRAE, IECC, State Codes)
- AMCA 207 and AMCA 210 updates
- Test speed

AMCA fan selection database and energy savings

- Calculation of the percentage of noncompliant selections (Review of flowchart)
- Extension of the database to the full market and energy savings impact

The meetings participants were:

Mark Stevens, Executive Director, AMCA International
Michael Ivanovich, Senior Director, Industry Relations, AMCA International
Mark Bublitz, VP Engineering, New York Blower, Chair, DOE Regulation Committee
Trinity Persful, Director of Marketing, Twin City FanMike Wolf, Director, Industry Relations, Greenheck Fan, Member, DOE Regulation Committee
Tom Catania, Advisor to AMCA International
Bruce Hackett, IT Director, AMCA International

Ashley Armstrong, DOE
Steven Goering, DOE GC Enforcement
Peter Cochran, DOE GC Regulations
Sam Jasinski, NCI
Sanaee Iyama, LBNL

Respectfully submitted,

Mark Stevens
Executive Director
Air Movement and Control Association, International
