NOTICE OF ALLOWANCE TO RESUME DISTRIBUTION

Date issued: September 13, 2010

Manufacturers of certain covered products which have been determined by the Department of Energy (DOE) to be non-compliant with the applicable energy conservation standard may be allowed to resume distribution, per 10 CFR § 430.70 (a)(6)(v), if additional testing results supplied by the manufacturer results in a determination of compliance. On August 24, 2010, DOE issued a Notice of Non-Compliance Determination based on test results submitted by Leader Electronics showing that certain models were noncompliant. After an internal review, Leader Electronics determined that the original test results reported to DOE were incorrect. Leader has submitted complete test data, which DOE has reviewed closely.

FINDINGS

Based on the test data Leader Electronics submitted in response to the notice of non-compliance, we have determined that model "MU03-F050040-A1(MU03-F1050-AK0S)" complies with applicable DOE energy efficiency standards. As of September 10, 2010, Leader Electronics may resume distribution of this product.

This represents one (1) of two (2) models identified in the August 24, 2010, Notice of Non-Compliance Determination.

The August 24, 2010 Notice of Non-Compliance Determination remains in effect with regard to model "NU50-2093400-I3(NU50-21090-300F)." Based on the test data Leader Electronics submitted in response to the Notice of Non-Compliance, model "NU50-2093400-I3(NU50-21090-300F)" does not meet the applicable standards. Therefore, Leader Electronics may not resume distribution of that model. Additionally, "NU50-2093400-I3(NU50-21090-300F)" may not be imported into the United States.

Issued By:

Timothy G. Lynch
Deputy General Counsel for
Litigation and Enforcement

Certificate of Service

This is to certify that on September 13, 2010, the undersigned served a pdf copy the party listed below in the manner indicated.
