

Memorandum

To United States Department of Energy

From Benjamin Longstreth, Natural Resources Defense Council

Date May 6, 2013

Re Ex Parte Communication

On Wednesday May 1, 2013, a group of non-profit and state energy efficiency advocates met with representatives of the Department of Energy to discuss the efficiency standards for Manufactured Housing. See *Advanced Notice of Proposed Rulemaking, Energy Efficiency Standards for Manufactured Housing*, Docket No. EERE-2009-BT-BC-0021, 75 Fed. Reg. 7556 (Feb. 22, 2010).

The efficiency advocates presented information on:

- a) manufactured homes production, percent of production of manufactured homes that meet energy star standards, and TVA programs to encourage purchase of energy star manufactured homes;
- b) the need for coordination between DOE and HUD regarding manufactured homes;
- c) additional information DOE should obtain concerning the impact of air sealing.

The following individuals were present or on the telephone:

Roland Risser, DOE  
John Cymbalsky, DOE  
Joseph Hagerman, DOE  
Steve Nadel, American Council for an Energy-Efficient Economy  
Lowell Unger, Alliance to Save Energy  
Robin Roy, NRDC  
Benjamin Longstreth, NRDC  
David Terry, National Association of State Energy Offices

Respectfully submitted,

s/ Benjamin Longstreth
