Office of Legacy Management  
Categorical Exclusion Determination Form**

**Program or Field Office:** Office of Legacy Management

**Project Title and I.D. No.:** Aerial photography and mapping of the Gunnison, Colorado, Processing Site. LM 13-14

**Location:** Gunnison, Colorado

**Proposed Action or Project Description:**

DOE proposes to subcontract with Rocky Mountain Aerial to provide aerial photography and mapping services at the Gunnison, Colorado, Processing Site. Natural color aerial photography followed by the preparation of ortho-rectified images, topographic maps, and planimetric maps is required for 177 acres. Topographic and planimetric mapping is required for 85 acres.

The overflight would be flown at 1,540 feet above ground surface and three passes would be required to complete all mapping. The Airport Traffic Control would be notified by Rocky Mountain Aerial prior to the flight. It is expected that the mapping would be completed in 15 minutes.

Planimetric features that are expected to be captured from the aerial photography include: fence lines, power poles (with line alignment), trees and large bush areas, drainage features, utilities, buried utility alignments (if visible, roadways, parking lots, signage, and structures.

**Categorical Exclusion(s) Applied:**

B 3.2 Aviation Activities

For the complete DOE National Environmental Policy Act regulations regarding categorical exclusions, including the full text of each categorical exclusion, see Subpart D of 10 CFR Part 1021.

Regulatory Requirements in 10 CFR 1021.410(b): (See full text in regulation)

☒ The proposal fits within a class of actions that is listed in Appendix A or B to 10 CFR Part 1021, Subpart D

To fit within the classes of actions listed in 10 CFR Part 1021, Subpart D, Appendix B, a proposal must be one that would not: (1) threaten a violation of applicable statutory, regulatory, or permit requirements for environment, safety, and health, or similar requirements of DOE or Executive Orders; (2) require siting and construction or major expansion of waste storage, disposal, recovery, or treatment facilities (including incinerators), but the proposal may include categorically excluded waste storage, disposal, recovery, or treatment actions or facilities; (3) disturb hazardous substances, pollutants, contaminants, or CERCLA-excluded petroleum and natural gas products that preexist in the environment such that there would be uncontrolled or unpermitted releases; (4) have the potential to cause significant impacts on environmentally sensitive resources, including, but not limited to, those listed in paragraph B(4) of 10 CFR Part 1021, Subpart D, Appendix B; (5) involve genetically engineered organisms, synthetic biology, governmentally designated noxious weeds, or invasive species, unless the proposed activity would be contained or confined in a manner designed and operated to prevent unauthorized release into the environment and conducted in accordance with applicable requirements, such as those listed in paragraph B(5) of 10 CFR Part 1021, Subpart D, Appendix B.

☒ There are no extraordinary circumstances related to the proposal that may affect the significance of the environmental effects of the proposal.

☒ The proposal has not been segmented to meet the definition of a categorical exclusion. This proposal is not connected to other actions with potentially significant impacts (40 CFR 1508.25(a)(1)), is not related to other actions with individually insignificant but cumulatively significant impacts (40 CFR 1508.27(b)(7)), and is not precluded by 40 CFR 1506.1 or 10 CFR 1021.211 concerning limitations on actions during preparation of an environmental impact statement.

Based on my review of the proposed action, as NEPA Compliance Officer (as authorized under DOE Order 451.1B), I have determined that the proposed action fits within the specified class(es) of action, the other regulatory requirements set forth above are met, and the proposed action is hereby categorically excluded from further NEPA review.
