## U.S. DEPARTMENT OF ENERGY ÉERE PROJECT MANAGEMENT CENTER NEPA DETERMINATION

**RECIPIENT: Clearwater County** 

STATE: ID

**PROJECT** TITLE:

REEZ Clearwater County CHP Feasibility Study

**Funding Opportunity Announcement Number** DE-FOA-0000052

DE-EE000141

Procurement Instrument Number NEPA Control Number CID Number

GFO-10-086-005

Based on my review of the information concerning the proposed action, as NEPA Compliance Officer (authorized under DOE Order 451.1A), I have made the following determination:

## CX, EA, EIS APPENDIX AND NUMBER:

Description:

A9 Information gathering (including, but not limited to, literature surveys, inventories, audits), data analysis (including computer modeling), document preparation (such as conceptual design or feasibility studies, analytical energy supply and demand studies), and dissemination (including, but not limited to, document mailings, publication, and distribution; and classroom training and informational programs), but not including site characterization or environmental monitoring.

A11 Technical advice and planning assistance to international, national, state, and local organizations.

Rational for determination:

This project will result in a complete feasibility analysis plan addressing an opportunity identified in a 2006 study. That "Fuels for Schools" study proposed utilizing woody biomass for heat and hot water for the Idaho Correctional Institution in Orofino. It was suggested that a conversion to wood chip/hog fuel boiler system could reach a positive cash flow in the year following conversion. A more detailed analysis was recommended, which is the driving force behind this project.

These activities comprise information gathering, feasibility studies, and technical advice and can therefore be categorically excluded under A9 and A11.

## NEPA PROVISION

DOE has made a final NEPA determination for this award

Insert the following language in the award:

DOE has made a conditional NEPA determination for this award, and funding for certain tasks under this award is contingent upon the final NEPA determination.

Insert the following language in the award:

You are restricted from taking any action using federal funds, which would have an adverse affect on the environment or limit the choice of reasonable alternatives prior to DOE/NNSA providing either a NEPA clearance or a final NEPA decision regarding the project.

Prohibited actions include:

The following activities are prohibited pending further NEPA review:

Idaho Renewable Energy Enterprise Zone Program - Any construction, installation, demolition, or final engineering for the project.

This restriction does not preclude you from:
