NEPA DETERMINATION

RECIPIENT: Hudson Valley Community College

STATE: NY

PROJECT TITLE : Large-Scale Wind Training Program

Funding Opportunity Announcement Number	Procurement Instrument Number	NEPA Control Number	CID Number
CDP FY10	DE-EE0003272	GFO-10-467	0

Based on my review of the information concerning the proposed action, as NEPA Compliance Officer (authorized under DOE Order 451.1A), I have made the following determination:

CX, EA, EIS APPENDIX AND NUMBER:

Description:

A9 Information gathering (including, but not limited to, literature surveys, inventories, audits), data analysis (including computer modeling), document preparation (such as conceptual design or feasibility studies, analytical energy supply and demand studies), and dissemination (including, but not limited to, document mailings, publication, and distribution; and classroom training and informational programs), but not including site characterization or environmental monitoring.

Rational for determination:

Hudson Valley Community College proposes to use federal funding to develop a training program that will develop faculty and prepare students for careers as large-scale wind technicians. The curriculum will be a credit bearing certificate program and will have noncredit safety training. Equipment such as instruments for measurement, personal protective equipment and set up gear will be purchased as well.

This project involves the development of an educational program and the purchasing of educational equipment for the use of education; therefore a CX A9 will apply.
