U.S. DEPARTMENT OF ENERGY
EERE PROJECT MANAGEMENT CENTER
NEPA DETERMINATION

RECIPIENT: Clark County

STATE: WA

PROJECT TITLE : EECBG - WSU Building Upgrades & Resource Conservation Mgr

Funding Opportunity Announcement Number	Procurement Instrument Number	NEPA Control Number	CID Number
DE-FOA-0000013	DE-EE0000856	GFO-0000856-001	EE0

Based on my review of the information concerning the proposed action, as NEPA Compliance Officer (authorized under DOE Order 451.1A), I have made the following determination:

CX, EA, EIS APPENDIX AND NUMBER:

Description:

- A11** Technical advice and planning assistance to international, national, state, and local organizations.
- B5.1** Actions to conserve energy, demonstrate potential energy conservation, and promote energy-efficiency that do not increase the indoor concentrations of potentially harmful substances. These actions may involve financial and technical assistance to individuals (such as builders, owners, consultants, designers), organizations (such as utilities), and state and local governments. Covered actions include, but are not limited to: programmed lowering of thermostat settings, placement of timers on hot water heaters, installation of solar hot water systems, installation of efficient lighting, improvements in generator efficiency and appliance efficiency ratings, development of energy-efficient manufacturing or industrial practices, and small-scale conservation and renewable energy research and development and pilot projects. The actions could involve building renovations or new structures in commercial, residential, agricultural, or industrial sectors. These actions do not include rulemakings, standard-settings, or proposed DOE legislation.
- A9** Information gathering (including, but not limited to, literature surveys, inventories, audits), data analysis (including computer modeling), document preparation (such as conceptual design or feasibility studies, analytical energy supply and demand studies), and dissemination (including, but not limited to, document mailings, publication, and distribution; and classroom training and informational programs), but not including site characterization or environmental monitoring.

Rational for determination:

Clark County, WA proposes to use \$500,000 of EECBG funds for the following activities which are bounded by the signed SOW and are therefore categorically excluded. These projects are being reviewed as part of a project modification where a previously reviewed project has been eliminated, and will be replaced by Activities 8 and 9.

Activity #8 - WSU Building Upgrades: according to the Grants Manager, this project will include lighting retrofits and installation of heat pumps at the 78th Street Public Works Operations Center.

Activity #9 - Energy Manager Matching Funds: this activity will provide funds to the cities of Camas and Washougal for participation in a Resource Conservation Manager program with the City of Vancouver. This activity will not involve construction.

NEPA PROVISION

DOE has made a final NEPA determination for this award

Insert the following language in the award:

Note to Specialist :

Any projects submitted for EECBG funding that fall outside the bounds of the signed SOW will require a separate NEPA determination review.

Completed by Bill Knapp
