NEPA DETERMINATION**

RECIPIENT: City of Henderson

STATE: NV

PROJECT TITLE : Heritage Aquatic Complex - Solar PV Project

Funding Opportunity Announcement Number	Procurement Instrument Number	NEPA Control Number	CID Number
	DE-EE0003166	GFO-0003166-002	0

Based on my review of the information concerning the proposed action, as NEPA Compliance Officer (authorized under DOE Order 451.1A), I have made the following determination:

CX, EA, EIS APPENDIX AND NUMBER:

Description:

B5.1 Actions to conserve energy, demonstrate potential energy conservation, and promote energy-efficiency that do not increase the indoor concentrations of potentially harmful substances. These actions may involve financial and technical assistance to individuals (such as builders, owners, consultants, designers), organizations (such as utilities), and state and local governments. Covered actions include, but are not limited to: programmed lowering of thermostat settings, placement of timers on hot water heaters, installation of solar hot water systems, installation of efficient lighting, improvements in generator efficiency and appliance efficiency ratings, development of energy-efficient manufacturing or industrial practices, and small-scale conservation and renewable energy research and development and pilot projects. The actions could involve building renovations or new structures in commercial, residential, agricultural, or industrial sectors. These actions do not include rulemakings, standard-settings, or proposed DOE legislation.

Rational for determination:

The City of Henderson, NV proposes to use federal funding to install solar panels on an aquatic facility owned by the city. 135kW solar array will be installed on the City of Henderson Heritage Aquatic Complex. The complex was constructed in 2008 and therefore is not eligible for listing on the National Register of Historic Places.

This project will include design and procurement of solar panels and system materials, acquisition and installation of the PV array, project management and reporting.

CXB5.1 applies to this project.
