NEPA DETERMINATION**

RECIPIENT: CU Cleantech -- University of Colorado

STATE: CO

PROJECT TITLE : CU Cleantech New Venture Challenge

<b>Funding Opportunity Announcement Number</b>	<b>Procurement Instrument Number</b>	<b>NEPA Control Number</b>	<b>CID Number</b>
DE-FOA0000570	EE0005600	GFO-0005600-001	0

Based on my review of the information concerning the proposed action, as NEPA Compliance Officer (authorized under DOE Order 451.1A), I have made the following determination:

**CX, EA, EIS APPENDIX AND NUMBER:**

Description:

**A9 Information gathering, analysis, and dissemination**

Information gathering (including, but not limited to, literature surveys, inventories, site visits, and audits), data analysis (including, but not limited to, computer modeling), document preparation (including, but not limited to, conceptual design, feasibility studies, and analytical energy supply and demand studies), and information dissemination (including, but not limited to, document publication and distribution, and classroom training and informational programs), but not including site characterization or environmental monitoring. (See also B3.1 of appendix B to this subpart.)

**A11 Technical advice and assistance to organizations**

Technical advice and planning assistance to international, national, state, and local organizations.

## Rational for determination:

Colorado University would utilize DOE and cost share funds to develop a business plan competition in renewable energies to increase overall technology commercialization and business start-ups in the region. This study would include information gathering, industry planning assistance and reporting.

Budget: \$400,000 (DOE); \$622,000 (cost share)

This project comprises information gathering, analysis, and technical assistance; therefore CX A9 and A11 apply.

**NEPA PROVISION**
