NEPA DETERMINATION**

RECIPIENT: Navigant Consulting

STATE: MA

PROJECT
TITLE : Offshore Wind Removing Market Barriers

Funding Opportunity Announcement Number DE-FOA-0000414, topic area 3	Procurement Instrument Number DE-EE0005364	NEPA Control Number GFO-0005364-001	CID Number 0
--	--	---	------------------------

Based on my review of the information concerning the proposed action, as NEPA Compliance Officer (authorized under DOE Order 451.1A), I have made the following determination:

CX, EA, EIS APPENDIX AND NUMBER:

Description:

A9 Information gathering, analysis, and dissemination

Information gathering (including, but not limited to, literature surveys, inventories, site visits, and audits), data analysis (including, but not limited to, computer modeling), document preparation (including, but not limited to, conceptual design, feasibility studies, and analytical energy supply and demand studies), and information dissemination (including, but not limited to, document publication and distribution, and classroom training and informational programs), but not including site characterization or environmental monitoring. (See also B3.1 of appendix B to this subpart.)

A11 Technical advice and assistance to organizations

Technical advice and planning assistance to international, national, state, and local organizations.

Rational for determination:

Navigant Consulting (Navigant) would utilize DOE and cost share funds to develop and publish a study to provide baseline information and develop a strategy for future development of the supply chain required to support projected offshore wind deployment levels. This study would include information gathering, industry planning assistance and reporting.

Budget: \$599,998 (DOE); \$599,998 (cost share)

There is no fieldwork associated with this project. This project comprises information gathering, analysis, and technical assistance; therefore CX A9 and A11 apply.
