Categorical Exclusion Determination

Bonneville Power Administration
Department of Energy

Proposed Action: Muddy Valley Habitat Reserve Acquisition and Stewardship Funding

Fish and Wildlife Project No. and Contract No.: 2011-003-00; BPA-008680

Project Manager: Sandra Fife - EWM-4

Location: Muddy Valley Quadrangle, Yamhill County, OR

<u>Categorical Exclusion Applied (from Subpart D, 10 C.F.R. Part 1021)</u>: B1.25 Real property transfers for cultural resources protection, habitat preservation, and wildlife management

<u>Description of the Proposed Action</u>: BPA is proposing to fund Yamhill Soil and Water Conservation Disctrict to purchase the Muddy Valley Habitat Reserve, a 540-acre parcel of land located 7 miles SW of McMinnville in Yamhill County, OR. BPA would hold a conservation easement to prevent the conversion of fish and wildlife habitat on the property to other land uses. BPA would also provide stewardship funds toward maintenance of the property to the landowner, Yamhill Soil and Water Conservation District.

This funding partially fulfills commitments made in the 2010 "Willamette River Basin Memorandum of Agreement Regarding Wildlife Habitat Protection and Enhancement between the State of Oregon and the Bonneville Power Administration." This is part of BPA's ongoing efforts to mitigate for the impacts to fish and wildlife of the construction and operation of federal flood control facilities in the Willamette River Basin.

The property consists of oak savanna habitat. The Yamhill Soil and Water Conservation District would develop a management plan to guide the protection and enhancement of habitat and other resources on the property. The management plan would be reviewed by BPA for consistency with the conservation easement and the purpose of the acquisition. If BPA proposes to fund any additional activities on the property, further environmental review may be conducted.

<u>Findings</u>: In accordance with Section 1021.410(b) of the Department of Energy's (DOE) National Environmental Policy Act (NEPA) Regulations (57 FR 15144, Apr. 24, 1992, as amended at 61 FR 36221-36243, July 9, 1996; 61 FR 64608, Dec. 6, 1996, 76 FR 63764, Nov. 14, 2011), BPA has determined that the proposed action:

- (1) fits within a class of actions listed in Appendix A of 10 CFR 1021, Subpart D (see attached Environmental Checklist;
- (2) does not present any extraordinary circumstances that may affect the significance of the environmental effects of the proposal; and
- (3) has not been segmented to meet the definition of a categorical exclusion.

Based on these determinations, BPA finds that the proposed action is categorically excluded from further NEPA review.

Categorical Exclusion Environmental Checklist

This checklist documents environmental considerations for the proposed project and explains why the project would not have the potential to cause significant impacts on environmentally sensitive resources and would meet other integral elements of the applied categorical exclusion.

Proposed Action: Muddy Valley Habitat Reserve Acquisition and Stewardship Funding

Project Site Description

The 540-acre Muddy Valley Habitat Reserve property is currently privately owned and BPA will fund its purchase by Yamhill Soil and Water and Water Conservation Distric at closing; Willamette Valley oak habitat is dominant, and is located Yamhill County, Oregon.

Evaluation of Potential Impacts to Environmental Resources
