

## NOTICE OF AVAILABILITY

The U.S. Department of Energy (DOE) has issued a Finding of No Significant Impact (FONSI) based on completion of an Environmental Assessment (EA) to describe and evaluate the potential environmental impacts associated with the:

**ONEIDA SEVEN GENERATIONS CORPORATION:  
ENERGY RECOVERY PROJECT;  
GREEN BAY, WISCONSIN - DOE/EA 1862**

DOE's Golden Field Office has determined that allowing the State of Wisconsin to provide Federal funding under the *American Recovery and Reinvestment Act of 2009* State Energy Program to Oneida Seven Generations for the construction of a waste to energy facility within the Bayport Industrial Center, in Green Bay, Wisconsin would not constitute a major Federal action significantly affecting the quality of the human environment within the Meaning of the National Environmental Policy Act. The FONSI and EA are available for review on the DOE Golden Field Office and DOE NEPA websites:
