

NOTICE OF AVAILABILITY

The U.S. Department of Energy (DOE) has prepared a draft Environmental Assessment (EA) to analyze and describe the potential environmental impacts associated with the:

**Fishermen's Atlantic City Windfarm
Atlantic City, New Jersey
DOE/EA 1970**

DOE's Golden Field Office has prepared the draft EA in accordance with the National Environmental Policy Act (NEPA). Fishermen's is proposing to develop an offshore wind renewable energy facility within New Jersey State Waters located approximately 2.8 miles off the New Jersey coast from Atlantic City. The proposed project consists of up to six wind turbine generators that would generate approximately 25 megawatts of electricity and the necessary electrical transmission facilities to connect to an existing substation. The draft EA is available for review on the following website:

www.energy.gov/node/1019606

Written public comments on the EA's analysis and results of the environmental impacts of implementing the proposed action will be accepted until April 3, 2015. Please mail comments to the DOE Golden Field Office, c/o Ms. Lori Gray, 15013 Denver West Parkway, Golden, CO 80401, by fax to 720-356-1350, or by email to gonepa@ee.doe.gov.

In addition, interested persons are invited to attend an informational meeting from 4:00 PM to 7:00 PM on March 10, 2015 at The Carnegie Center, 35 S. Dr. MLK, Jr. Blvd., Atlantic City, NJ 08401. The meeting will be in Room 206, on the second floor of the Carnegie Center.
