This modification to the prime contract incorporates a work scope change as proposed by Honeywell FM&T. Under solicitation DE-SOL-0007749 Honeywell FM&T proposed the creation of the Small Business Management Center (SBMC). The SBMC would bring an "enterprise" approach to small business strategy using the proven Supply Chain Management Center (SCMC) model, which leverages the knowledge of the entire NSE in conjunction with each site's unique strengths. This proposal was accepted as the NNSA (National Nuclear Security Administration) and NSE (National Security Enterprise) encounters continuing pressure to increase small business participation and improve small business awareness of its small business programs.
