Awards for Exemplary Reporting to NMMSS

Pete Dessaulles & Mirabelle Shoemaker

Why do we recognize NMMSS Users?

- Purpose is to annually recognize the NMMSS users community in a job well done for reporting to NMMSS.
- NMMSS staff evaluate your reports!
 - Over 350 RIS holders reporting to NMMSS on a daily, monthly and annual basis
 - Lots of reports reviewed by a handful of staff
 - Quality reporting deserves recognition

How do we evaluate reports?

- This year we evaluated data reported during calendar year 2016
- We looked only at RIS's who:
 - Submitted and reconciled an inventory with NMMSS and,
 - Submitted nuclear material transactions (Form-741) and,
 - NMMSS records indicate that the error rate for transactions were either
 - $\leq 2.0\%$ or,
 - no more than 2 transactions were in error
(for those who submitted fewer than 50 transactions)

Who are we recognizing?

- 231 RIS's submitted both an inventory and transactions in 2016
 - 126 RIS's submitted less than 100 lines of transaction data
 - 75 RIS's submitted between 100 and 1000 lines of transaction data
 - 30 RIS's submitted > 1,000 lines of transaction data
- 224 RIS's met our criteria
 - Approximately 130 of the High Quality Reporters are here today
- Thank You for the Great Reporting!

Recognition for 2017

These are the recipients of awards for exemplary reporting at the 2017 Annual NMMSS Users Training

Facilities are identified under their utility and identified by name and reporting identification symbol (RIS code)
