Re: Northern Pass Transmission LLC, Application for Presidential Permit
OE Docket No. PP-371

Dear Mr. Lawrence:

Pursuant to Rules 212 and 214 of the Rules of Practice and Procedure of the Federal Energy Regulatory Commission (18 CFR 385.212 and 214 [2010]), I enclose the original and fifteen copies of my Motion to Intervene in the above-captioned proceeding. Copies of same and of this letter have been mailed this day to Anne Bartosewicz, Northern Pass Project Director, and to Mary Anne Sullivan, Head Counsel for Northern Pass, Hogan Lovells, LLP.

Respectfully submitted,

Linda Upham-Bornstein, Ph.D.

Cc: Anne Bartosewicz
Mary Anne Sullivan, Esq.

Enclosures: 1 Original cover letter and motion plus 14 copies.

UNITED STATES OF AMERICA
DEPARTMENT OF ENERGY
OFFICE OF ELECTRICITY DELIVERY AND ENERGY RELIABILITY

Northern Pass Transmission LLC
Application for Presidential Permit

OE Docket No. PP-371

Motion to Intervene of
Linda Upham-Bornstein

Pursuant to Rules 212 and 214 of the Federal Energy Regulatory Commission, 18 CFR 385.212 and 385.214, Linda Upham-Bornstein files this Motion to Intervene. In support of this motion, I state as follows:

1. **Notices, correspondence and other communications.** All notices, correspondence, communications and other information should be directed to: Linda Upham-Bornstein, 185 Mount Prospect Road, Lancaster, N.H. 03584. My telephone number is 603-381-6552 and my email address is lubornstein@gmail.com.
2. **Movant's interest.** My husband and I own a home on Mount Prospect Road in Lancaster, New Hampshire. The proposed transmission line will run roughly parallel to and approximately two tenths of a mile from the eastern border of our property. If these very large transmission towers are installed they will be a scar on the gorgeous landscape of the White Mountains and will ruin the beautiful view that we have of the mountains. The construction of this transmission line, and the resulting significant and adverse impact on our view shed, will also substantially reduce the market value of our property. The Northern Pass project will have a direct, and adverse and substantial impact on my husband and I and on our property. Consequently, I have a direct and substantial interest in the outcome of the proceeding. No other party can adequately represent my interests in this proceeding. Unless I am allowed to intervene and participate fully in this proceeding, my interests may be directly and adversely affected by the outcome of this proceeding. I respectfully submit that I am entitled to intervene in this proceeding;
3. **Motion to intervene.** I respectfully request that I be allowed to intervene as a party in these proceedings, and that the Department of Energy, Office of Electricity Delivery and Reliability grant this motion to intervene.

Respectfully submitted,

Linda Upham-Bornstein
