

# DOE & PNNL Small Business SYNERGY DAY

## Opportunities for Small Business Partnerships with the DOE’s West Coast Sites

Join the U.S. Department of Energy’s (DOE) Office of Small and Disadvantaged Business Utilization (OSDBU), the Pacific Northwest National Laboratory (PNNL) and other DOE West Coast sites in a Small Business Synergy Day! Representatives from the OSDBU, PNNL, and other DOE West Coast sites such as Idaho National Laboratory, One Hanford, National Renewable Energy Laboratory, Lawrence Livermore National Laboratory, Lawrence Berkeley National Laboratory, and SLAC National Accelerator Laboratory, will be on hand to provide information about how to do business with and upcoming procurement opportunities at their site. Round robin matchmaking and exhibit booth time will also be held to give small businesses the opportunity to have more in-depth discussion and connection with the OSDBU and its sites and to network with other small businesses in their sector of expertise.
