

memorandum

DATE: SEP 07 1994

REPLY TO: Technical Support Div.:Kanth:3-4516
ATTN OF:

SUBJECT: INITIATION OF A DEPARTMENT OF ENERGY VOLUNTARY PROTECTION PROGRAM (DOE-VPP)
OUTREACH EFFORT

TO: Cognizant Secretarial Officers
Managers, DOE Operations Offices
Managers, DOE Area Offices

Secretary O'Leary officially sanctioned the DOE-VPP in her memorandum dated January 26, 1994. The DOE-VPP was instituted as a means to formally recognize contractor sites that are providing excellent safety and health programs. Interest in the program has prompted the Office of Environment, Safety and Health (EH) to develop an Outreach Program to actively assist contractors in implementing the components of the DOE-VPP. Participation in the Outreach Program is voluntary, but strongly encouraged.

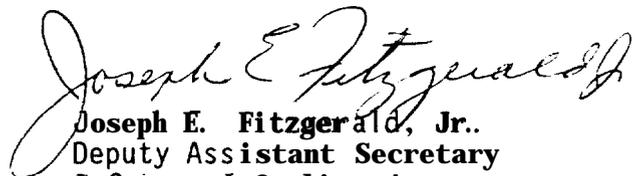

Under the Outreach Program a prospective DOE-VPP participant site will be paired with a private sector Occupational Safety and Health Administration (OSHA) VPP host "STAR" site located in the same region of the country. A STAR workplace is one which has undergone and succeeded in passing evaluation by OSHA and one which demonstrates ongoing safety and health programmatic excellence.

Operation of the Outreach Program will be coordinated through the Voluntary Protection Program Participants' Association (VPPPA), whose membership is comprised of private sector firms participating in OSHA's VPP. DOE is the first Federal entity to be granted "Agency Membership" in the Association, thereby facilitating this partnership.

Sites should participate in the Outreach Program prior to submitting an application for the DOE-VPP. DOE contractors will thus be able to build upon the lessons learned by OSHA STAR sites and will be better positioned for success in applying for and gaining admission into the DOE-VPP.

Interested DOE contractors should notify their DOE-VPP First Line (Area or Operations Office) Point of Contact for an Outreach Program enrollment form (designated points of contact are listed in the Attachment). Additional forms and other related information can be obtained by Operations or Area Offices from the Headquarters DOE-VPP Office by calling (301) 903-6732.

Your support of this program is appreciated and is important to the success of the Department's Voluntary Protection Program

Joseph E. Fitzgerald, Jr.
Deputy Assistant Secretary
Safety and Quality Assurance
