Withdraw Application in FE Docket No. 12-184-LNG, and Vacate DOE/FE Notice  
in FE Docket No. 12-184-LNG**

Dear Ms. Moore:

This letter is being submitted by Pangea LNG (North America) Holdings, LLC (“Pangea”) to request that the Office of Fossil Energy of the Department of Energy (“DOE/FE”) (1) vacate DOE/FE’s January 30, 2013 order authorizing Pangea to export liquefied natural gas (“LNG”) to countries with which the U.S. has a Free Trade Agreement requiring the national treatment for trade in natural gas (“FTA”), (2) withdraw Pangea’s December 19, 2012 application, as amended, to export LNG to countries with which the U.S. does not have a FTA, and (3) vacate the DOE/FE’s December 3, 2014 notice in the above referenced dockets, all as further described below. The undersigned is an officer of Pangea authorized to make such requests.

On January 30, 2013, the DOE/FE issued Order No. 3227 in FE Docket No. 12-174-LNG authorizing Pangea to export up to 398.5 billion cubic feet per year (“Bcf/y”) of natural gas in the form of LNG for a 25-year term to FTA nations. No LNG has ever been exported under such authorization, and Pangea is no longer pursuing further efforts to export LNG under this authorization.

On December 19, 2012, Pangea filed in FE Docket No. 12-184-LNG an application to export up to 398.5 Bcf/y of natural gas in the form of LNG for a 25-year term to non-FTA nations, and an amendment thereto on March 31, 2014. Pangea no longer wishes the DOE/FE to continue processing this application, as subsequently amended (per below), and does not intend to pursue further efforts to export LNG as specifically contemplated by such application as amended.

On December 3, 2014, the DOE/FE issued its Notice of Corporate Reorganization or Change in Control and Amendment of Pending Application to Export Liquefied Natural Gas to Non-Free Trade Agreement Countries in FE Docket No. 12-184-LNG.<sup>1</sup> Pangea has not taken, and no longer intends to take, the actions described in such notice and its underlying March 31, 2014 Amendment of Application in such docket. Most importantly, the control of Pangea was

never transferred to NextDecade Partners, LLC and is no longer being contemplated. Further, Pangea has not taken, and no longer intends to take, these same actions for the purposes set forth in its March 31, 2014 Application to Amend Authorization in FE Docket No. 12-174-LNG.<sup>2</sup>

We appreciate the efforts expended to date by the DOE/FE with respect to these matters and hope this filing will assist the DOE/FE's efforts to timely and accurately estimate likely future LNG exports from the U.S. in accordance with its statutory responsibilities. Please direct any question you have about this matter to Pangea's energy regulatory counsel:
